Lemon Grove Review

VOL. 8; No. 11 — TWO SECTIONS LEMON GROVE, CALIFORNIA THURSDAY, NOVEMBER 3, 1955 10c Per Copy

25 Griffen Lots To Be Put On Sale By Water Dist.

The La Mesa Irrigation District put up for sale this week 25 of the lots which the REVIEW last year charged Harry Griffen, water works board member, of trafficking in.

The lots are in Hillsdale Subdivision (Monterey Heights). At the same time two lots to which the district holds title to in an area known as Moody's Subdivision will also go on sale. Description and sketches are being mailed to all realtors within the district, the board announced.

The REVIEW, in its charges last year, revealed that Griffen had not only made purchases from the district while he sat as board member, but had actually taken title from the water district to a block of about 50 lots five weeks after he gave a deed of sale to the now defunct construction firm of Bates and Garcia.

According to irrigation district law, it is illegal for board members to make deals in board controlled business by which members might personally profit.

At that time members of the board, and Griffen, referred to a "contract" which had expired in 1949. All claimed that Griffen was operating under terms and agreement of that contract.

Tuesday a District executive employee said Water District attorney William Jennings has since declared the contract 'nonexistant.'

The REVIEW additionally charged that if lots were held off the tax rolls by such a contract, the action was reprehensible.

The district did not clarify the variance in the position it took last year when it claimed Griffen's sales and personal profit were within the scope of the contract, and the public sale announced this week which includes the same lots Griffen controlled by the "contract."

The "contract" by which Griffen claimed protection on the transaction in lots presumably has been cancelled although no public record shows that it was.

In the Hillsdale area there are 25 lots to be sold and the district is asking $15,000 for all of them. Griffen's "contract" entitled him to them at less than $200 per lot.

Offers to purchase some of the lots by private individuals were made following the REVIEW'S charges, but they were turned away by the board with the explanation that titles were "not merchantable."

One such offer was made by Mr. and Mrs. Jack Arbuckle, 1953 Ensenada, who attempted to purchase lots 184, 185, and 186. The Arbuckles later spearheaded a movement to petition for a recall election for Griffen. Petitions are still being circulated and about 250 names have been listed so far. It will take about 600 names (10%) of the electors to require such an election to be held.

The district has this to say concerning the mechanics of acquiring the lots:

The district lists minimum prices which it will consider in connection with the two offerings. These are $15,000 for the Hillsdale group and $13,500 for the Moody's South Addition group. It invites offers on the property. A letter from Byron Miller says "offers should be made in writing, giving the price and proposed terms, accompanied by a certified check in the amount of five per cent of the offer.

Upon receipt of the offer, the district will set a date and hour for sale, publishing notice for three weeks. At time of sale the property will be sold to persons submitting highest bid in excess of offer, and upon the same or better terms. The party submitting original offer may participate in the bidding. If the ultimate sale is to a purchaser other, than the person making the original offer, the commission will be divided equally between the broker presenting the original offer and the broker producing the purchaser.

Meanwhile the district is gearing up for a $5 million bond issue in January, the money from which will be used to improve the service generally throughout the district.

At least one observer opined that it was likely that pressure would be brought on Griffen by other board members and land developer members of the Citizen's Advisory Committee to the irrigation district to "sacrifice" himself and resign from the board in the interest of better public relations so the bond issue would pass.

2,000 HOMES TO BE BUILT BETWEEN SPRING VALLEY AND LEMON GROVE

A continuation of talks on the future status of the governmental makeup of Lemon Grove is slated by the Lemon Grove Men's Club following a report on the status of Lakewood Village, a recently incorporated city. Growing bankroll and complete community services including a community park and pool were listed.

The club heard Walter Bollenbacher, developer of Allied Gardens, tell of his 400 acre development to be started on Sweetwater Road, south of Lemon Grove. Bollenbacher said that he was unable to get a water commitment from the La Mesa water works and as a result had applied to the city of San Diego for annexation. He said that property adjacent to and across from his was also in the throes of development. In all, Bollenbacher 'estimated there would be about 2,000 new homes built in the Sweetwater Road area. His firm will build 1,500 of them, he said.

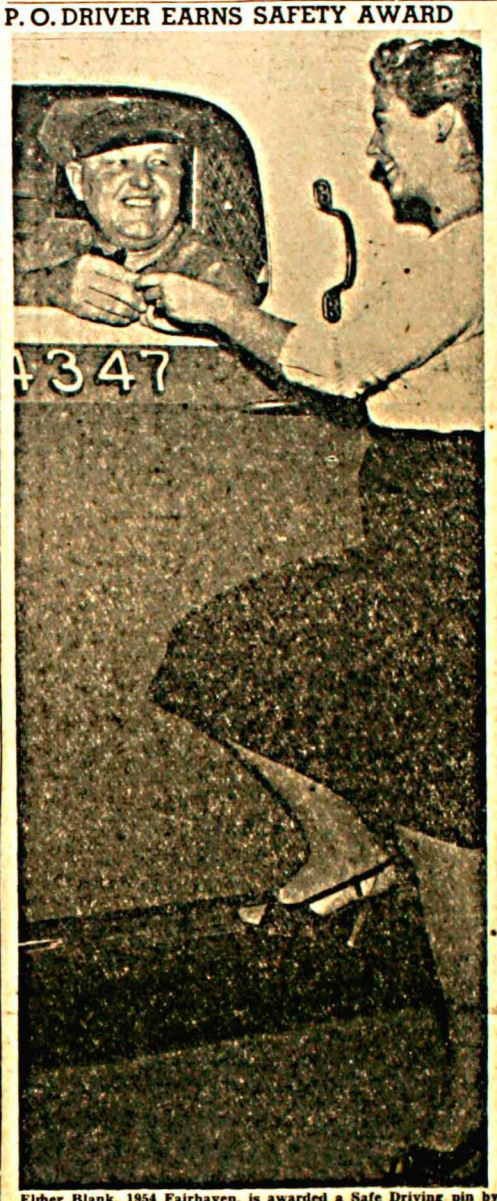
He also stated that an eventual shopping center to serve the development would be built at Jamacha and Sweetwater.

Men's Club members observed that the annexation would pull tighter the string of encirclement and nibbling off suffered by Lemon Grove.

Bollenbacher said that the sewer problem of Spring Valley was not a determining factor in that the project would have built its own sewage plant had not the S. V. issue passed. Water, he said, is the hold up at present.

The homes would be started some time next year and would be completed within a year of the start.

P. O. DRIVER EARNS SAFETY AWARD



Elther Blank, 1954 Fairhaven, is awarded a Safe Driving pin by Janice Joyett, a Lemon Grove beauty, following Blanks' completion of two years of safe driving for the Lemon Grove post office.

The award stems from the National Safety Council and is the first to have been won by a Lemon Grove driver. Blank has been with the post office for three years. Janice, a Helix student, is Lemon Grove aspirant for princess in the Mother Goose Parade.

Water Tax Rate Up 40c Per $100

Tax bills on lands within the Lemon Grove Water Works went in the mail last Friday—28,500 of them, according to James L. Squire, district tax collector. Rate this year is $1.50, up 40c.

The taxes are levied on land only, not on improvements or personal property, and the total assessed value of the land is $21,843,289. The gross levy of taxes is $327,649. The net levy which the law permits the district to actually anticipate, however, is 15 per cent less than this, or $278,501.

The first half of the taxes becomes delinquent after December 27, and the second half after June 25, 1956. Irrigation district taxes are on a separate tax bill, not included in the over-all county-city school district tax bill sent out by the county tax collector. They are mailed to the last address showing on the records of the property involved. However, the property owner has the obligation of paying the irrigation tax bill, whether or not he actually receives the tax statement.

Anyone not receiving their tax statement within the next few days is urged to contact Mr. Squire at the irrigation district in La Mesa and inquire regarding their tax bill.

Lemon Grove Far Behind in United Success Campaign.

One of the poorest showings of any community is being made by Lemon Grove in the current United Success Drive, officials reported this week.

Of the goal of $7,125 for business and industry, only $433 has been contributed.

A little more than $2,000 has been collected against the community's $14,250 total goal for 14% of the total.

Leaders of the campaign said that lack of workers appeared to be the cause of the poor showing.

Earl Smart is chairman of the local campaign. Frenchy Faucher and Ted Skelley are co-chairmen of business and industry.

Countywide 70% of the goal has been reached.

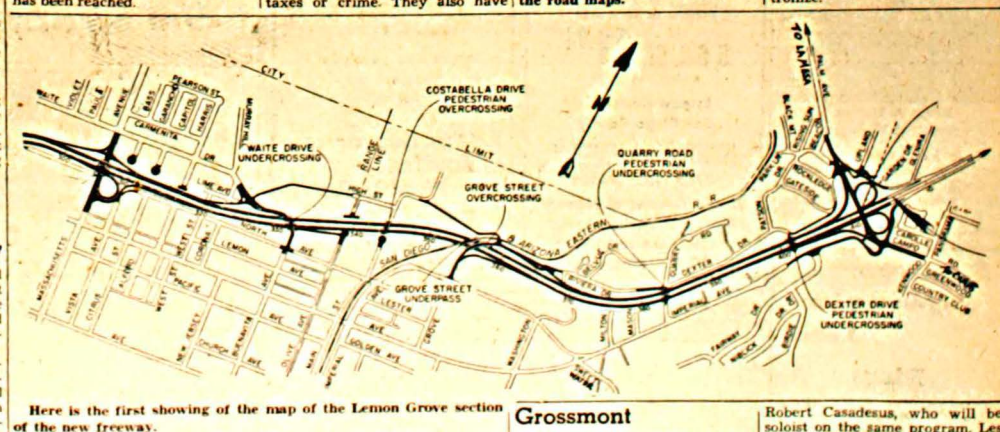
Helix Topples Red Devils; Look Impressive, 19-7

Helix High's Highlanders looked very impressive last Friday night on the Chula Vista field, as the Highlanders roared from behind to topple speedy Sweetwater, 19-7.

Several times Helix had to resort to a UCLA-resembled defense in order to save their goal line from being crossed by Ralph King, Bill Walters, George McElvain and Carl Hayes, all four of whom can run the 100-yard dash in the 10's.

"Rudy" Rudzinski, Highlander line-smasher who has very capably moved in the footsteps of four-year letterman Karl Jordan, tore the Red Devil line to shreds practically every time he carried the leatherskin (no longer pigskin). His high driving knees, lowered body, well hugged ball, and twisting motions confused his inexperienced foes. All Rudy needs is a little more speed, to

(Continued on Page 4)



Here is the first showing of the map of the Lemon Grove section of the new freeway.

Area shown here covers the portion between College Avenue and Campo Road on which construction will start this month.

Strip is to be constructed by Guy Atkinson Construction Co. for $2,830,000 which State Highway Division spokesmen said was lower than the engineers had estimated.

Completion of the section is expected to be late in 1956. Connecting link toward El Cajon will be completed about the same time.

Map here shows officially the on and off ramps. Traffic from the east and to the east will channel down Grove Street. Traffic from the west will use Olive Street to enter Lemon Grove business district. Motorists headed west may enter freeway traffic at Buena Vista. Other choices will be the cloverleaf at Massachusetts or the one at Campo.

Helix Homecoming Queen to Be Announced This Week

Five senior girls were nominated by the Helix High School football team as candidates for the Homecoming Queen.

The five girls, chosen for their charm, friendliness and service are: Laree Bratcher, 2865 Sweetwater, Spring Valley; Connie Mastorakos, 8858 Lemon Ave., La Mesa; Patsy Drake, 4771 Rolando Blvd., San Diego; Patsy Burke, 4207 Blackton Dr., La Mesa; and Leilani Rose, 4800 Lee Ave., La Mesa.

The senior class will elect one girl on November 3; the winner will be announced at Homecoming game November 4.

Grossmont Community Concert Opens Tenth Season

Grossmont Community Concert Association will celebrate the opening of its tenth concert season with a program of high entertainment value when they present nine young French male singers, Les Compagnons de la Chanson, on November 10, 8:15, at Grossmont High School Auditorium. An added attraction will be the young pianist, Emanueline Pizzuto, a pupil of Gaby and Robert Casadesus, who will be soloist on the same program. Les Compagnons provide their own musical background with string instruments, trumpet, accordion, timpani, concertina, and the piano.

Les Compagnons were World War II frontline entertainers in southern unoccupied France. Appearing here on Armistice eve, their program will be reminiscent of the French army's entertainment unit under General de Tassigny.

The Mason LINE

by Chan Mason

About the only improvement we can suggest for the new 1956 cars is an electrical gadget which will light up a sign when the accelerator pedal is depressed, reading "Passengers will please fasten safety belts."

— ML —

We dunno, we just heard the rumor that a motorcycle officer after giving a ticket to an errant motorist on Highway 80 absentmindedly tossed the duplicate carbon paper to the ground. The arrested one took her witnesses to court, had the officer arrested as a litterbug. Verdict, $50.00 fine and five days suspension.

— ML —

Harmon Russell really bagged quite an elk this year in northern Idaho. We would suggest you make your purchase first at his store before asking him about the elk, however. Otherwise you'll never complete the purchase.

— ML —

We can't figure out why a friend of ours is a bit provoked with us. A couple of weeks ago we bet the lad fifty cents USC would take Wisconsin by more than 10 points. The mere fact that USC had won the game the night before by 12 points seemed to disturb our friend considerably when he found it out that Saturday afternoon.

MORAL: Read your newspaper and save money, eh, Maxie?

— ML —

The Manufacturer's Trust Co. is a fine, sound financial institution undoubtedly, but what with our new bank and all we think Jack Koop should take over the job of handing those questions to Hal March.

— ML —

We hear a lot these days about 1956 being an "election year." Seems to us that every year is an election year for us. We have separate elections for school trustees, fire commissioners, irrigation board, county and state officials, etc. It does seem that some of these could be combined. It could mean the saving of considerable money throughout the state. It would be a way of getting a larger vote, also. Golly, some of these elections the cost amounts to about $1.00 per vote when the turnout is small.

The Dimmer VIEW

By MAX GOODWIN

The time has come again for our annual lesson in arithmetic.

The lesson this time is about County Code Area Number 8506, which is the area of Lemon Grove, and the arithmetic is the totals on your county tax bills.

In the mail this week should have come, in addition to this copy of this newspaper (the latter of which is gaining considerable popularity because its quality has become such that it makes for easier garbage wrapping after the paper is read—much better, I am told, than the Union or Tribune) a pink colored bill which lists your share of the operating costs of San Diego County.

The shock you got when you opened the bill may very possibly have been what the style leader meant when she developed that almost watery shade of color which does so little for the wearer but did create a dramatic reaction when the purchaser of the product asked the clerk the price. Name of the color used in the product was appropriately called "Shocking Pink."

W. E. Easton, your county tax collector, says that the analogy is incomplete but he admits you should know where your money is going.

Few of us are prone to question the expenditure of our tax money and if some of the charges leveled at the welfare department are true, we could well afford to question other items too. I'd hate to feel that we're paying for the upbringing of so many illegitimate children born of prostitutes that the act of paying our tax bill is putting us, indirectly, of course, in the business of operating houses of ill-repute. That money, incidentally, is paid through the second highest category on your bill . . . that one marked "county." The highest is "schools" but that is down .22 after suffering an increase last year which was superinduced by a large reduction the year before.

This year, for the first time, your personal property tax is being figured on a percentage of the value of the house you live in. If it's higher, chances are you lied a little when you listed your personal assets . . . like maybe you said your washer was not automatic, or your tv had a six inch screen.

For the more pedantic, we'll get into the breakdown of this year's tax bill. First, I should warn that Code Area 8506 is up $283,770 in personal property assessed valuation. The present total being $671,140. Real property is up $989,830 to a total of $14-605,990. That means personal tax assessments have been almost doubled while real property has increased only about 7%.

The comparison is this:

	1954	1955
County	2.08	2.08
Library	.07	.07
School	3.59	3.37
Fire	.60	.52
Hospital	.20	.20
Water	.40	.36
Sanitation	.47	.46
Totals	**$7.41**	**$7.06**

In the city, taxpayers will have a city tax in addition to the above. However, city dwellers will be receiving services they demand. Here, in the county area, any services we require must come through our county government, many in the form of "special districts." Whether you are paying too much or not depends a lot on what you expect your tax dollar to do for you.

In my own case I want a dollar's worth of value for my dollar in tax money . . . just like I expect when I reach the cashier's booth in the grocery store I patronize.

HOW'S THIS FOR GOOD EATIN' MEAT?

Five area families will be eating high on the moose this winter as a result of a trip to Big Pines, Wyoming by a caravan of local hunters.

The men bagged 4 elk, 2 moose and 5 deer for a total of 2300 pounds of meat.

Hunters are Bob Hendrickson, C. V. Vanlandingham, J. E. Vanlandingham, Roy Harris and H. F. Smith.

First National Bank to Occupy New Building November 21

The new building of the Lemon Grove branch of the First National Trust and Savings Bank of San Diego will open officially Monday, November 21, reported Jack W. Koop, assistant vice president and manager of the branch.

Bruce A. Harms is assistant branch manager. The new building is at the corner of Imperial and Golden.

The reinforced concrete structure representing about one quarter of a million dollars in cost contains 9700 square feet of floor

Jack W. Koop, Assistant Vice President and Manager

space and will have ten commercial windows, two drive-in windows, two private escrow rooms, and a modern safe deposit vault.

Mr. Koop has been in the banking business since 1928. He is a native Californian and was edu-

Bruce A. Harms, Assistant Manager

cated in local schools. He is a director of the Kiwanis Club of Lemon Grove, a member of the High Twelve Club and the Lemon Grove Business Men's Club and a former director of the Lemon Grove Chamber of Commerce.

Bruce Harms, assistant branch manager, has been with the First National Trust and Savings Bank since 1936 and has been active in Lemon Grove community affairs for several years. He is on the board of directors of the Lemon Grove Chamber of Commerce and a member of the Lemon Grove Lions Club.

LOCAL WOMAN HAS PART IN QUAKER PROGRAM

Stephen Cary, a member of the Quaker delegation to visit Russia, will be one of two prominent Friends to speak in San Diego Thursday, Nov. 3. The other is Raymond Wilson, Executive Secretary of the Friends Committee on Legislation and an expert in the field of disarmament. The meeting, which opens with a workshop on disarmament at 4 p.m. will be held at the First Methodist Church, 9th & C sts., San Diego, according to an announcement by Gertrude Scovel, director of religious education of the Lemon Grove Congregational Church together with the Friends of Peace who are co-sponsoring this public meeting with the American Friends Service Committee, a Quaker organization. Cary will speak at 8:00 p.m. and show pictures freely brought out of Russia as undeveloped film.

LEFT TURNS PERMITTED

New legislation permits drivers to make left turns against stop signals—after stopping—from a one-way street into a one-way street.

IRRIGATION DISTRICT BOARD HOLDS MEETING PRESIDENT LEVY ABSENT

The Lemon Grove-Spring Valley Irrigation District had 20,992 meters working as of September 30, 1955 of which 165 are in El Cajon annexed area. This item closed the agenda of October 25 meeting, which was attended by all directors except president R. M. Levy and Manager Shelton, who is in New York on vacation.

A new Ford truck, costing $2360, was purchased, and Byron Miller, Deputy Treasurer, got a warrant for $23,835.37. San Diego Gas and Electric Co. got two warrants, one for $7690.29 and the other for $3.99, Standard Oil Co. of California drew $19.17, Richfield Oil Corporation drew $7.96, Harlan G. Dye drew $144. We told you he would get a raise, and Chester D. Reidsema drew a lone dollar. Thirty warrants, total, but not totaled, so we didn't.

Expense claim of Harry Griffen for per diem meals in connection with trip to Glendora—study of transpiration and evaporation of rainfall on watersheds—$32.53, was allowed.

Carlyle Reed gave an account of Publicity the District received in September. Eleven newspaper stories—a total of 240 inches of space—five radio and one tv stations gave the District publicity. Looks like Carlyle is doing a good job of publicizing our water resources.

Griffen presided. We didn't get a chance to ask where Rube Levy went, probably on a deer hunt.

DH

LA MESA CAMERA CLUB ENTERTAINS BAJA CALIFORNIANS

The La Mesa Camera Club entertained the Tijuana and Ensenada Camera Clubs in Balboa Park. The Saturday night reception was held in the Photographic Arts building. Some 158 black and white prints of the La Mesa Camera Club were on display.

The winning color slides of 1954 and 1955 were projected. Kenny Rinker gave a travelog with color slides of his trip through Monument Valley. Refreshments and a social evening followed.

SPRING VALLEY INFANT DIES

Barbara Ann Watson, 9 day old daughter of Mr. and Mrs. James Watson, 8671 La Mar St., Spring Valley, died Friday.

Graveside services were conducted by Conrad Mortuary Monday.

The couple has two other daughters; Nancy and Pamela.

Tired of bus riding on club day? Buy a second car thru a want-ad.

BUSINESS CORNER ON BROADWAY CHANGES HANDS

The Lemon Grove Patio and Materal Company, owned by Roberts, Campbell and Platt, together with the lot, 108 front by 155 feet deep, at the southeast corner of Broadway and Harris Streets, has been purchased by D. P. Jorgensen, who will continue the business. Consideration was $38,000. The deal will be out of escrow this weekend.

Building materials of all kinds, ornamental brick, tile, blocks and sand—everything for building except lumber—are available. Mr. Jorgensen says that we in this section are five years behind the times in building with brick and new stuff is coming out almost daily.

Building with brick is less expensive than with lumber, according to Jorgensen, but the addition of plaster brings the cost up to about the same as wood construction. Where the builder gains is in not having to paint, and termites just don't relish a brick diet.

Mr. Jorgensen also owns the Hobby Shop in the next block west of Harris Street. The Hobby Shop will continue under management of Mrs. Jorgensen.

ELEVEN EXAMS SET UP FOR STATE JOBS

Applications are being accepted for eleven classes of civil service positions, the State Personnel Board announced this week.

Examinations are to be held for accountant-auditor, paying $358-$436 a month; associate sanitary engineer, $530-$644; counselor, school for the deaf and deaf counselor, both $310-$376; consultant in secondary education, $613-$745; dairy bacteriologist, $415-$505; and textile foreman, preparation and finishing, both $395-$481.

Applications also will be taken for positions as radiotelephone technician, printing plant machinist, and assistant forest technician.

Applications and additional information are available at Department of Employment on Columbia Street in San Diego.

NAVY MOTHERS TO MEET FRIDAY

The Navy Mothers Club No. 9 will have their monthly business meeting at the Armed Services YMCA, 500 W. Broadway, Friday, Nov. 4, at 1 p.m.

PARKING LIGHTS

A new law prohibits the use of parking lights at any time a vehicle is moving unless the headlamps are also lighted.

STAFF CHANGES ANNOUNCED AT GROSSMONT

The following additions to the medical staff of Grossmont Hospital were made last week:

Transferred from the courtesy staff to the active staff were Drs. Lawrence F. Smith of El Cajon and Warren E. Hawes, La Mesa.

Granted temporary courtesy privileges were Drs. Chester J. Antos, Robert E. Baker, Robert E. Delaval and Harvey G. Gassman, all of San Diego; and Bernard K. Steen of El Cajon.

Additional dentists appointed to the courtesy dental staff were Drs. Arnold A. Ariaudo, Charles M. Blodgett, Sheldon I. Brockett and Daniel A. Grant.

Dear Mr. Fixit

Would you care to mention in your publication sometime a bit of information to the many children of this growing area—the proper use of public sidewalks.

The information given is much the same line as has been put out for the bicycle riders' rules and priveleges rather than as a complaint.

The sidewalks were installed for the pedestrians' use and safety.

When the children, through lack of that information or disregard of it use the walks daily for extended periods as a speed track for all manner of wheeled toys, the situation is beyond the limits of casual play, which is generally accepted and tolerated.

My suggestion is not directed at any one group. If you could point out that it is an abuse of the primary purpose for which the walks were laid, I think many areas would appreciate it.

A. B. T.

Dear Mr. A. B. T.

Your letter was taken to Sergeant Smith, Deputy Sheriff in charge of this area, he being the best authority to answer your query. Sgt. Smith said he knew of no county ordinance penalizing the use of sidewalks in unincorporated areas, but there may be on old one.

We suggested that perhaps the business district could be segregated as to bike-riding, and the officer said lack of man power to enforce any regulations prevented such action. "There are 7,000 kids in this area, most of them riding bicycles, and one policeman," he said. "Traffic conditions are very bad, with autoists paying little attention to rules, and we simply haven't the men to enforce regulations."

The situation seems to resolve itself into a playground for the kids and some home training as to the rights of pedestrians. Nobody wants the kids to be imperiled by riding in the street, neither do pedestrians want to be run over or knocked down by a bicycle.

Smith suggested that adequate accident insurance be carried by pedestrians as a partial solution.

Very truly yours

Mr. Fixit

Letters to the Editor

Dear Editor:

Yes, I read it. (A letter of thanks to the Review for help on the school summer recreation program.) I will also point out that your newspaper carries news of the Vista La Mesa P-TA doings too, and in pretty big sized quantities.

I for one, and in behalf of the unit, want to thank you in big sized quantities for the excellent coverage you have given us.

I've been doing a lot of thinking as to whether this publicity job I've been doing is of any importance or even worth while for the tremendous amount of time spent on it, and I've come up with this and I'd like to share my thought with you.

This letter is reproduced because we think it tells, better than anything else we have read, some of the benefits, pleasures and rewards of P-TA service.

We like it particularly because it reminds this newspaper of the responsibility it shares with these groups.

Inherently P-TA news is worth while, because so many readers take part in P-TA affairs. People in the aggregate, are clannish. They enjoy dividing into groups to become friendly rivals. They are loyal and relish membership in an organization to which they can demonstrate that loyalty.

Furthermore the P-TA is the only active organization that gives many adults a chance to escape from the routine of housekeeping or earning a living.

As we grow older and take on more responsibilities, and as we wear into our jobs, daily life levels off and becomes more and more the same day after day. Eventually we have an urge for relief, relaxation or excitement.

A few years earlier we might have decided on the spur of the moment to drive to San Diego or even L. A. for a wider choice of movies, or entertainment. If we did not return until the wee small hours—so what? We slept in, and were a trifle yawny when we did awaken.

Now it's different. Going away may be impossible, unless someone can be found instantly to tend the baby.

So we slightly older folks join organizations, where we can have entertainment, without loss of time, and where the welfare of our children is the main object.

To teenagers a P-TA meeting would seem silly; to us it is an escape. All day we fret at a monotonous job where we are an almost unnoticed cog in a large set of gears; at P.-T.A. meetings we are: Madam President, Mr. President, Legislation Chairman, Treasurer, etc., and when we lift our hand everyone notices. Momentarily we are important.

This world of make-believe may be naive, but it is satisfying.

The thousands who live in it for an hour or two each week gladly will read about it if the paper gives them a chance.

Even the casual reader who has never joined, has a mild predilection for P-TA news because he likes to know what his friends and neighbors, who are members, are doing. If the story is well written he will read it. First we look for names. Little of the news is exciting, but much of it is loaded with names, thereby offering many readers a chance to see themselves mentioned in the paper.

I believe it is important to tell people working in the P-TA for the welfare of their children that their efforts are appreciated. There is also a momentary brightness that comes from seeing one's name in print. That is an added dividend.

Again I thank you for your wonderful support and cooperation in carrying news of our unit in such quantities.

I am happy to have had a part of the paper subscription drive, sponsored by Cub Scout Pack 315. I am now a subscriber to the Review and also have aided another pet project of mine, the Cubs.

Sincerely,
Mrs. H. K. Thurslund
Publicity Chairman
Vista La Mesa P-TA

NEW LOCATION LISTED FOR VETERANS' OFFICE

The San Diego Veterans Administration office stated today that all veterans administration services for the San Diego area are now located in the Veterans Administration Building at 325 B Street. This includes the loan guaranty division, formerly located at Twelfth and Broadway and the mental hygiene clinic formerly located in the Harbor Insurance Building.

William Berry, manager, said the office is open Monday through Friday 8 to 4:30 and that all veterans who need information or help on any of the benefits provided for them should visit the contact service located on the ground floor of the office. The office telephone number is BEImont 4-6211.

A motorist now has ten days—instead of five—in which to appear in court because of a traffic violation.

Carr's

Our government has gone patriotic and has broken out in a rash of jolly red, white, and blue mail boxes which now adorn the landscape.

They look pretty to us and always a scarce article, are now quite easy to find. Congratulations to the bright man who proposed it.

Our local Post Office is getting all set to handle the season's rush and beg one and all to get their packages mailed without delay. So do we and we think that you'd better come in at once and get your presents while there is a good selection.

Eight Elected County Officials Get Nice Raises In Pay

The big-hearted board of supervisors, acting without previous notice, has increased the salaries of eight elected county officials, effective December 1. The increases will cost the taxpayers $12,800 a year.

The increases had been asked in a letter from the eight officials, the board filed the letter without comment and then introduced an ordinance granting the increases, which made the boys very happy. Jack Perrigo, county auditor, was not included in the luck list. He is appointed by the board. Maybe his raise will come later.

The lucky eight who will get raises are A. E. Gallagher, coroner and public administrator, $1500 increase from $10,800 to $12,300. Same raise and total included four other elected officials, viz: R. B. James, clerk, Roger N. Howe, recorder, Wilbur Easton, tax collector and Delevan J. Dickson, treasurer.

Arthur Eddy, assessor, was increased $1800 from $13,200 to $15,000; Bert Strand, sheriff, got the biggest increase—$2100 a year—from $14,400 to $16,500; Don Keller, district attorney, will get an increase of $1400 from $15,600 to $17,000.

There used to be a provision in the law that denied increases to officials during their elected term. The boys in Sacramento seem to have changed the rules. You might keep all these boys in mind next election.

Like the guy standing in line for circus tickets said, when a man in front of him kept letting ladies step ahead of him, "I wish you'd quit bein' to dam' polite at my expense."—D. H.

62 THOUSAND PROMOTIONS SCHEDULED BY NAVY

Seventy thousand, two hundred and twenty nine enlisted men will be promoted to first, second and third class petty officers this November 16 as a result of fleet-wide examinations held last August, according to the Navy department.

The Bureau of Naval Personnel said there will be 8,954 promotions to first class petty officer; 22,776 to second class petty officer, and 38,499 to third class petty officer.

MT. HELIX COUNCIL C. P. AND T. TO HEAR MR. PASCOE

First general meeting for the 1955-56 school year of the Mt. Helix Council of the Congress of Parents and Teachers will be held Nov. 9 at 9 a.m. in the Education Center, La Mesa. Child care will be provided.

David D. Pascoe, director of instructional materials, La Mesa-Spring Valley School District, will discuss presentation of audio-visual material and show a film titled "Film Tactics." The meeting is open to members of scouts, clubs, churches and others who may be interested in methods of using films and other visual material in their programs, according to program chairman Mrs. James M. Gillean.

Fourteen elementary schools in the Lemon Grove and La Mesa-Spring Valley School Districts are represented on the Mt. Helix Council, headed by Mrs. Don Irwin, president.

"ADAM AND FALLEN MAN" SCIENCE SERMON TOPIC

The fact that God created man in His own image and likeness as recorded in the first chapter of Genesis is the leading point in the Lesson-Sermon on "Adam and Fallen Man" in all Christian Science churches Sunday.

This citation from Genesis (1:27) affirms, "So God created man in his own image, in the image of God created he him; male and female created he them."

Area Boys Get Highest Scout Award

Lyle Graff, 15, 2965 Buena Vista, is presented the Eagle award by Scoutmaster Mike Krauss while Alan Rogers, 15, 3669 Calavo Dr., Spring Valley, looks on.

Both youngsters were recipients of the high scouting award recently at St. John of the Cross Auditorium.

Alan is the son of Mr. and Mrs. C. W. Rogers. Lyle is the son of Mr. and Mrs. H. J. Dugas. Both lads attend St. Augustine.

Judy Stong Takes Top Horsemanship Awards

Judy Stong atop her palimino "Smart Appearance" at the Del Mar fairgrounds early this year. Malcolm Roseall, ringmaster, presenting an award.

As the late bandleader Ben Bernie used to say, "Yow-suh, she's the most-a of the best-a." That's what I mean when I'm talking about 13 year old Judy Stong, daughter of Mr. and Mrs. E. R. Stong of 3939 Kenwood Drive, Spring Valley.

Judy, an accomplished western and English horsewoman (or shall I say "lady") has done it again, by walking off with several top awards at the Turlock, California State Horse Show. The show was held October 5, 6 and 7, and sponsored by the California Horsemen's Association.

With two teacher, holding first place awards were Mrs. Maur Wellesley. A first year cp champion (English, western, members jumping and written test for 18 Student years and under); advanced paloge geologi mino state championship for ently adults; English horsemanship for 13 years and under. She also took second place in the English pleasure class for adults.

Her awards consisted of a silver bowl, a silver tray and a gold and silver belt buckle.

Mr. and Mrs. Stong shipped three horses to the show.

Judy's accomplishments so far have netted her over 100 trophies, many silver trays and many ribbins. She is one of the outstanding junior riders of the Pacific coast, and eligible for national participation. She has been riding since she was nine years old.

Judy's folks also are riders and the Stong horses may be seen most any time trailing around Spring Valley. Judy attends the new Spring Valley Junior High School.

Finally I must give credit where credit is due. Judy has two trainers, Jimmy Williams of Rancho Santa Fe, who teaches jumping and western and Billy Rowan of Mission Valley, at the Valley Lane Farm, who teaches English horsemanship.

Father Stadler Guest Speaker at St. John of The Cross Parent's Guild Meeting

Father Stadler, superintendent of schools for the Diocese of San Diego, will speak on "The Vocation of Parenthood" at St. John of the Cross Parent's Guild meeting, Thursday, November 3. The meeting usually held on the second Thursday of each month is being held one week early so it will not interfere with "open house" at the school on November 10 and 11.

All members as well as the parents of children attending the Catechism classes at St. John of the Cross are invited to hear Father Stadler's informative message. Regular business meeting and refreshments will follow.

WANT TO HELP 'NEWCOMERS' CLUB?

Plans are under way in Lemon Grove to form a Newcomers Club, it was announced here last week by officials of Lemon Grove Welcome Wagon.

Information concerning newcomers necessarily must come from neighbors, Welcome Wagon officials stated.

Residents who have new neighbors are urged to contact Mrs. J. L. Graham, Welcome Wagon Hostess, at HO 6-6098.

Whether such a club is formed or not, newcomers visited by Welcome Wagon Hostesses receive valuable coupons and gifts supplied by local merchants.

CARR'S HARDWARE SOLD

Carr's Hardware, 7859 Broadway, has been sold to a San Diego newcomer, James Mulvaney.

Sale will be completed about the middle of the month, H. D. and Elizabeth Carr, present owners and operators of the store, announced.

"Hank" Carr said that he had come out of retirement four years ago to start the enterprise because he thought his son might take over eventually. His son, "Buck," however, will remain in the electronics industry where he has been since serving in the Navy.

Mulvaney will make his home in Lemon Grove.

HELIX TOPPLES RED DEVILS
Continued from Front page

break away when he's in the opponent's secondary, to become a real Metro League terror.

Dave Olson scored twice and Rudy once. Gary Dunn kicked the extra point once. Bill Walters tallied the lone Red Devil TD.

Although I think highly of Ron Svalstad I sincerely believe Coach Tom Welbaum is making a mistake by having him as an end. For such an important position, that requires speed, Ron lacks sufficient hoofing, is too clumsy, doesn't turn the enemy runner in on end runs, and all in all would be better off as a tackle as he is solid and heavy. My personal feelings, of course! I hope Coach isn't keeping him in the end slot because of Ron's office or of his dad's influence. By the way, Ron is doing a terrific job as student body president, and will be a major cog in Helix's basketball wheels.—**Bob Turnbull.**

Local Teachers Have Part in Educational Programs

Mrs. Nancy Tuthill and Mrs. Evelyn Lauritzen, Lemon Grove staff members from the schools here who are delegates to the San Diego County Curriculum Planning Committee attended a CPC retreat last weekend at Camp Palomar. "Action Research," a practice long employed by good teachers everywhere, was stressed, and the Lemon Grove spelling unit developed here by second grade teachers was used as a specific example. Next meeting of the group will be November 16 at the Schools Service Center, San Diego.

Members of the Lemon Grove District Teachers Association will attend a leadership conference this weekend at Camp Cuyamaca, October 21 and 22. Sponsored by the San Diego County Teachers Association, this eighth annual retreat features Assemblyman Sheridan Hegland as keynote speaker Friday evening and Jack Robinson, superintendent of Parmount and president of CTA, Southern Section, as luncheon speaker on Saturday. A series of sessions devoted to teacher tenure, legislation, finance, etc., will be held Saturday morning.

Attending from here will be Rick Stammerjohn, Martha Stammerjohn, Peg Darroch, Bob Offord, John Winterhouse, Albert Van Zanten, Jack Lemmer, Marian Batchelder, Sy Metzner, Ovella Mason, Joe Papin, and Mary Hawkes.

TO MATCH AGAIN

The Boston Terrier Club of San Diego County is holding an AKC sanctioned puppy match at the Mission Beach Woman's Club, 840 Santa Clara Pl., Mission Beach. Any Boston terrier under 1 year of age which is eligible to be registered with the AKC may be entered. Luncheon will be served at noon and judging at 1:30 p.m.

'Platter Parade'

By Bob Turnbull
HO 9-3448

Ratner's Record Round-up . . . Here are this week's top ten popular tunes as compiled by Ratner Electric Music Store, Eighth and Broadway in downtown San Diego:

"Love is a Many Splendored Thing" by the Four Aces, "Autumn Leaves" fingered by Roger Williams on the black 'n whites, "Shifting, Whispering Sands" by Billy Vaughn on the Dot label, "Moment to Remember" by the Four Lads, "The Bible Tells Me So," by Don Cornell, "Yellow Rose of Texas" by both Mitch and Stan, "Suddenly There's a Valley" by Gogi Grant, "Seventeen" politely screamed to us by the Fontaine Sisters, "Ain't That a Shame" by Pat Boone and Fats Domino, and "Wake Up the Town and Tell the People" by Les Baxter and his group.

Leading classics: "Madam Butterfly" by Victoria De Los Angeles and Di Stepheonia, Brahms' "Violin Concerto" by Jascha Heifetz, Vivaldi's "The Seasons" by Guido Cantelli conducting the Columbia orchestra.

Tops in jazz: "The Genius of Charlie Parker" by Charlie (Savoy).

1945's . . .top tunes in the month of October were: Perry Como's "'Til the End of Time," followed by "On the Atchison, Topeka and Santa Fe," "I'll Buy That Dream," "I'm Gonna Love That Guy," "If I Loved You," "Gotta Be This or That," "Along the Navajo Trail," "It's Only a Paper Moon," and "I Wish I Knew."

Crazy! . . . Crazy! is the only way to add up Danny Kaye's latest yodeling platter entitled "Yon-U-Ary" and "Fair Dinkum." Also Marching Otto (not to be confused with Crazy Otto) has a new one labeled "Marching Otto Medley."

Why I Think You Should Go To Church This Sunday

BRUNO E. PUESCHEL, CO-PASTOR
LEMON GROVE CONGREGATIONAL CHURCH

ONE IN A SERIES OF ANNOUNCEMENTS

One reason, certainly, among other reasons, why there has been in recent years a return to the church, why people in this country are going to church as never before, is the realization on the part of thinking people that man cannot, of himself, make a better world. Events of the past fifteen to twenty years have driven most of us to the conclusion that it is not inevitable that 'every day in every way we are getting better and better.' We have within our grasp the power to destroy ourselves.

> Man apart from God is lost. We know in a way that mankind has never before understood this. And so we go to church, seeking His will for our lives. Of course, one can find God outside the church. He is not confined within four walls of any building. But one is more likely to find him there as one worships in fellowship with like-minded people who have come together for that purpose. It is also true, of course, that one may worship God alone on a hilltop or by some beautiful stream, but it is fairly certain that the person who worships God thus is the one who first learned to commune with God in a house of worship.

Most people do not go to church because they think they are better than other people. We go simply because we know that we are not good; we go because we feel the need; we go because we know that alone we cannot meet life successfully, its successes and its failures, its joys and its sorrows. We do not go because we are hypocrites, trying to pass for something we are not; we go because we recognize that we are imperfect and therefore we seek Divine guidance for living in our time.

> The church is not a perfect institution because it is made up of human beings. But it is the only institution down through the centuries insisting upon a religious view of life, keeping alive the conviction that life is purposeful, that the human soul is the most precious thing in the world, that beyond all our frustrations and fears, beyond pain and death itself is One Whose Will is perfect, who is not only our Creator, but our Loving Father, in whose hands are the final issues of life.

Back of all the forces working for good in this world, the social agencies, back of the forces caring for the sick and the poor, back of the forces working for justice and peace in the world, is the Christian Church.

We are in debt to it as we are in debt to nothing else, and so is the whole world whether we acknowledge it or not.

So I invite you to go to church this Sunday, not for the purpose of expressing an opinin, but simply to seek a Presence — the Presence of the Living God.

SPONSORED BY FRED WARD LUMBER CO.

PLUMBER NIMROD IS LUCKY HUNTER

Happy Harmon Russell, operator of a plumbing supply store at 7920 Broadway, counts "points" for attractive Beverly Bodie following his return from a hunting trip to Elk City, Idaho.

Antlers Russell is holding came from a 1000 pound elk. Russell says he seldom returns meatless from two hunting forays he makes each year. —L. G. Camera Foto

Junior High Teachers Introduced In Series Final

This is the last in a series of five articles introducing the new staff members of the Lemon Grove schools. It is hoped that the readers will now take the opportunity of American Education Week in November to become better acquainted with these and other teachers.

The Lemon Grove Junior High, which includes the seventh and eighth grades and six sixth grades of the district, has several new teachers this fall. Mrs. Susan Tougaw, music teacher, graduated from the University of Kansas with a BME degree. Mrs. Tougaw, who has been an "A" student in college, plays the French horn and piano and is an accomplished vocalist. She belongs to Pi Lambda Theta and the National Music Association.

Mrs. Neva Hale, exchange teacher from Hawaii, is an eighth grade social studies teacher. She attended the University of Wichita in Kansas and graduated from the University of Hawaii with a BA degree. She is an art teacher and librarian and claims membership in OEA, HEA, NEA, and YWCA. Her husband, Harry Hale, is the exchange principal at San Miguel.

Seventh grade social studies teacher new to Lemon Grove is John Winterhouse who comes here with two years experience in Washington schools. Married and the father of two children, he holds a BS degree and has attended Brigham Young University, University of Washintgon, and the West Washington College of Education. He has coached, done Scout and YMCA work, served in the U. S. Army, and was president of his teachers association last year. He belongs to PTA, NEA, WEA, and BPOE.

Mrs. Shirley Keene, girls' physical eduaction instructor, holds a BA degree and attended San Francisco State College, UCLA and the University of California. With two and a half years of teaching experience in this state, Mrs. Keene belongs to CTA, PTA, YWCA, and Red Cross.

Mrs. Maureen Sams, science teacher, holds a BA degree from Wellesley. Although this is her first year of teaching, she holds membership in the California Student Teachers Association. A geologist, she speaks Spanish fluently.

Two new teachers have been added to this school's sixth grade faculty list. George Tryforos holds a BA degree from the University of Denver. He taught three years in Colorado, and while a member of the USNR, served as a playground supervisor at Okinawa.

Richard Maas graduated from North Illinois College and holds a Master's degree from University of Arizona at Flagstaff. His experience includes one year of teaching in Illinois. He has done work as a coach, junior patrol supervisor, and life guard. He is also a member of USMCR and belongs to NEA, IEA, PTA, and ASCD.

Other faculty members not new to the district this year include Rolland Purves, Mrs. Hazel Schwalm, Mrs. Pauline Ballard, and John Gregory, all sixth grade teachers. In the seventh grade are Thomas Brogran, Mrs. June Mason, Mrs. Evelyn Whalen, and Bernard Seiler.

Eighth grade teachers include Harry Butler, Mrs. Margaret Darroch, Richard Haynes, Harold Brogan, Jack Lemmer, Robert Offord, and Mrs. Nancy Seiler. Mrs. Virginia Cornelius is the art teacher; Mrs. Barbara Hughes, homemaking; Albert Van Zanten, shop; and Paul Cheatham, instrumental music.

LETTERS TO THE EDITOR

To the Editor of the Lemon Grove Review:

Please announce once more in your paper—

Spanish class for beginners, VFW Hall, 7 p.m. Wednesdays. Mrs. Harrity, the adult education teacher, is excellent.

Unless we can get two more students this class will fold. All those who are even slightly interested in Spanish are requested to take part in this program.

Thank you,
Edna M. Snyder

SOCIAL EVENING PLANNED BY BAPTISTS

The ladies classes of the adult department of the First Baptist Church will meet Monday night in homes for a social hour and business meeting. The teachers of these classes are Mrs. C. L. Raichart, Mrs. John Blaine and Mrs. Bob Rochelle. These classes have shown much growth since the first of October, and are expected to have one hundred ladies enrolled in the near future.

Friday evening, November 4, Mr. and Mrs. R. C. Andrew, 3741 Grove Street, Lemon Grove, will entertain their friends of the "Happy Medium" Training Union in their home. Reverend L. E. Ginn will lead this group in the study course book "Deepening Your Spiritual Life."

Each Friday evening until this course is completed the union will meet in different homes for fellowship and study.

HOLD MONTHLY MEETING

Licensed Vocational Nurse Association of San Diego County will meet Friday, November 4, 7:30 p.m., Davidson Room, House of Hospitality, Balboa Park, for business and nomination of officers.

PRETTY HATS —PRETTY GIRL

Pretty Marlene Apple, 7542 Church Street, models a hat for Wigton's following a story which implied "hats cooulдn't be bought in Lemon Grove." —L. G. Camera Foto

Our "star reporter" fumbled last week when he told about a lady who complained about not being able to get a hat in Lemon Grove—thought she had to go to San Diego or La Mesa to get a headpiece. The picture above shows some stylish hats on sale locally at moderate prices.

Dick's face was pretty red when he called on Mrs. Cutbirth, manager of Wigton's. He made his apologies to the management, admired the display of millinery, with the manikins in the window adorned with becoming hats, even selected his choice, one trimmed in red worn by a gal in light brown.

What's more, hats can be purchased at Marsi's and Helen Gauldin's Style Shop, too.

The thing kind of got out of hand when the reporter said "there is no millinery shop" in Lemon Grove. Actually, he is right. There is no shop which deals exclusively in millinery but the departments in the three or more shops handling the items do offer good variety and good styles.

But what can you expect of a guy who didn't know how many diapers are required by a new baby? He thought three dozen diapers would last a baby at least a week till told by a new papa that 30 a day is the usual requirement, with 15 a daily need after a couple of months. Dick has been married for 31 years but has fathered no children. He didn't know much about hats, either, or where to get 'em in Lemon Grove, but he knows now. Mrs. Cutbirth was so pleasant about Dick's faux pas that he lost his ruddy color before the interview was over.

NEW E. C. HIGH SCHOOL TO BE DEDICATED SUNDAY

Dedication ceremonies for the new El Cajon Valley High School will take place Sunday afternoon at 3 o'clock in the bleachers on the new campus at Madison and First in El Cajon. Native Sons of the Golden West will present a California Bear flag and a commemorative plaque to the school, and their grand president, Robert Halsing, will make the address of the day. After the ceremony, school faculty and administrators will entertain at open house, and the new plant will be open to the inspection of the public.

Assisting with ceremonies will be civic officials, the Rev. Mr. Wm. Hurst, officials of the Grossmont Union High School District, El Cajon Valley High administrators and faculty members, Benton Minor, and members of the student body.

ROLANDO PARK PTA MEETING TO BE ON NOVEMBER 10

The Rolando Park PTA will hold their next meeting November 10 at 7:30 p.m. in the school auditorium at 6620 Marlowe St., San Diego. The theme of the meeting will be "Guiding Our Children." Dr. Harris A. Taylor, the assistant superintendent of schools, LM-SV School District, director of curriculum, and David D. Pasco, director of instructional materials, LM-SV School District, will speak on "The curriculum from kindergarten to junior high school and the visual aids being used." A question and answer period will follow.

Ways and means, Milton Urick, parent education, Mrs. N. Morehouse, and room representative Mrs. Wm. Martin are the chairmen to be featured. A flag salute will be led by Cub Scouts. Hostesses are the first grade A.M. mothers.

Mayfair Schedules Record Cheese Event

When the Mayfair Markets in California stage their annual Cheese Festival, they really go all-out to overwhelm the customers with quality and quantity—and in 1955 the markets will set new records as they display one tremendous 6,000-pound mammoth cheddar cheese, five others weighing 2,000 pounds each and ten weighing 500 pounds each. In addition, 60 70-pound blocks and 20 40-pound blocks will be required to fill the needs of Mayfair's 38 markets throughout the state.

All of these mammoths are the handiwork of the master mammoth creator, Steve Siudzinski, Denmark, Wis., by arrangement with Mayfair and the Kraft Foods Company, who have cooperated in years past to make the fall event a big success but never on quite the scale attempted in 1955.

Besides the mammoth cheddars, of course, a variety of all the world's popular and exotic cheeses will be featured by Mayfair Markets, but the truly stupendous job is manufacturing the mammoths. For instance, for every 100 pounds of cheese manufactured, 1,100 pounds of milk obtained from 57 cows are required. It takes the labor of four farmers tending 400 acres spending 35 man-hours getting the milk ready for at least one milk hauler to take the milk to the cheese factory where four more man-hours are required to manufacture, store, stencil and ship the cheese. In mammoths alone, Mayfair will display 210 times 100 pounds.

Larry Childress, manager of Lemon Grove Mayfair said there would be a gigantic cheese display at his store. A wheel of 18 month's old Cheddar cheese weighing 2104 pounds has been placed on display and wedges will be cut from it as patrons demand it. 6 auto jacks lifted it into place.

The entire wheel, Childress estimates, will be cut up and distributed to Lemon Grove cheese enthusiasts within a week.

He said the wheel would average a half pound of cheese per Lemon Grove family.

3,400 Cows Made it

How big is the largest, the 6,000-pounder? Well, it stands 48 inches high and 64 inches in diameter. While still in its tub, or hoop, it stands 52 inches high and 70 inches in diameter. Its manufacture required 3,400 cows to produce 66,000 pounds of milk. And the cows needed the production of 23,000 acres to produce that much milk for 264 farmers.

Production of mammoth cheddars requires not only the skill which comes of many years of producing prize winning cheese but also the finest equipment and facilities which modern science has produced. Steve Siudzinski, his factory and his helpers at Denmark, Wisconsin, fulfill all the requirements.

His factory is a showplace, but it is also capable of doing the finest cheesemaking job now known. Each of the stainless steel vats in his factory—which has dry floors, glazed tile walls and every other modern convenience — holds 15,000 pounds of milk. Under modern conditions of controlled temperature starter, rennet and so on, Steve assures the finest quality, texture and flavor of the finished product—whether it be the ordinary 60 to 70 pound cheddar or a giant of a cheese weighing many thousands of pounds.

Own Sewing Machines

His factory has modern facilities for producing the aged lumber needed in producing the hoop or tub, for the mammoth. His own sewing machines produce the cheesecloth in sizes to fit the hoops.

Handling of the curd in the vat, in the hoop, and finally as the curd is pressed in storage—all these are overseen by Siudzinski to assure perfection of the end product. Careful timing of the first pressing is assured. Then the hoop is removed, the cheese is stenciled and thus labeled for whatever market has ordered it, the cheddar is covered with protective paraffin and then is rehooped to spend months curing in storage—until it is just right for fullest eating enjoyment.

That's the kind of product which will make the big cheese event here so noteworthy and attractive to consumers.

Young people of the flapper era of the "roaring twenties" were so busy dancing the Charleston they didn't have time to get into serious devilment.

CAMPO TO GET NEW TELEPHONE EXCHANGE— NEW RATES

LOS ANGELES—The California Public Utilities Commission has authorized the Pacific Telephone and Telegraph Company to establish a new telephone exchange to serve a large, sparsely settled area of southern San Diego County.

At the same time, the commission authorized monthly base rates for the new office, to be known as the Campo exchange, as follows:

Single lines—Business $6; residence $3.80.

Two party — Business $4.75; residence, $3.25.

Four party residence—$2.70.

Suburban 10-party — Business, $4.50; residence, $3.20.

The base rates will apply to the community of Campo where the company will build a central office to provide dial service at an estimated cost of $325,000. The new exchange will serve an area of about 171 square miles including the communities of Morena Lake Village, Potrero and Tecate.

At present there are only 34 telephones in the area now served by the Chula Vista exchange. PT&T already has 180 applications for the new exchange service, which is expected to be in operation some time next mon in operation some time next month.

IMPORTANT NEWS FOR VETS

Insurance Deadline for Some Korea Vets is November 28

For a few veterans who once carried government insurance but lost it after discharge from their Korea military service, a chance to reinstate the insurance will slip away in a very short time. For a handful of veterans—those who were "lost in Korea"—that same deadline may mean forfeiting an insurance refund.

The deadline is November 28, 1955, and the simple facts are these:

Servicemen who had NSLI or USGLI term insurance policies didn't have to pay premiums during their Korea tours of duty (after April 25, 1951). They were supposed to resume premium payments 120 days after discharge, but many forgot or delayed, thus losing their insurance, which had expired.

They now have a second chance to get their insurance back if they act before November 28. The VA is supposed to notify them, but it's up to them to apply, meet good health requirements, and pay the premium at their attained age.

The other group of veterans are those who were prisoners or missing in action during the Korean war. They too were entitled to have insurance without paying premiums while in service, but had to request a "waiver" in writing. They, of course, could not sign waivers while behind enemy lines, and their premiums continued to be paid out of deductions from their military pay.

Now they can get credit for these payments—but—the deadline is November 28. Has the VA notified you? Are you confused about this whole business? Better see your Veterans of Foreign Wars Service Officer or the Veterans Administration and talk this over.

There seems to be some confusion in this area as to whether or not the Veterans Administration Offices at 325 B Street, San Diego, are still open. They certainly are—from 8 until 4:30 daily, Monday through Friday. Your Veterans of Foreign Wars Service Officer is still at the old stand in the basement of the VA building too.

CHULA VISTA LADY COMES TO GROVE FOR BABY'S SHOES

Mrs. Ralph Small drove to Lemon Grove last week with her small daughter to get a pair of shoes—for the baby. Can't get the kind she wants any place but Edwards' Shoe Store.

Ralph Small has been in the county's employ at civic center for more than ten years. He was a counselor in personnel department, went into the service in W W II, came back to his old job after the Japs quit, and is now in another department.

Mrs. Small was employed in civic center for a couple of years before her marriage. The romance developed fast, they were married, the baby came along in due course, and they have a home in Chula Vista.

While in the Grove, Mrs. Small called on Mrs. Delores Rogers, Homeland Justice Court clerk, and renewed acquaintance. The girls worked in the same department at civic center for a year or more, but had not met since the Small lady arrived. "She is the cutest baby," Delores says—D. H.

TRIM LITTLE HEATER TO ADD TO DRIVE-IN THEATRE COMFORT

Here's a picture of a device to keep you warm as toast in your auto when you visit the Lemon Grove Ace Drive In Theatre this fall.

The device is the little 4x4x5 inch metal heater box being held by model Carol Wilson, of Lemon Grove. Carol, a runner-up for the title of the Fairest of the Fair, is dressed to indicate that regardless of outside temperature or scantiness of dress, temperature inside the car can be kept warm by the ingenious device. It goes into your car from the speaker post and is turned on and off with the flip of a switch.

The heater is air cooled so that none of the outside parts become hot, thus making it safe for children. It is operated from high voltage and high wattage, however, making it inoperable for home use.

Tests in the midwest have proved the heater will keep car occupants comfortable in temperatures ranging to zero.

Ace Drive In is located at Imperial, Grove and Broadway in Lemon Grove but does not open until the middle of the month.

—L. G. Camera Foto

Epsilon Sigma Plans Harvest Hop

El Sudoeste Regional Council of Epsilon Sigma Alpha Sorority announces plans for the coming council dance "Harvest Hop," to be held Saturday at the La Mesa Legion Hall, 8118 University Avenue, La Mesa.

Council president, Mrs. A. A. Murrell, reports that 300 tickets have been made for members and guests. Tickets will also be on sale at the door for $1.00 per person. Ticket price will include dancing to the "Toppers" band, door prizes, and selection of buffet food snacks. The main door prize will be an electric appliance.

Council's other two chapters, Alpha Iota and Beta Upsilon of La Mesa will supply the decorations.

NEW DRIVER EDUCATION CLASSES TO START AT GROSSMONT

Two new classes in Driver Education will open at Grossmont Adult School November 7 and 8. These classes are of eight weeks duration and prepare drivers for examination and licenses. Closely associated with the classes is the driver training program. An instructor and training car is provided for the adults.

Registration for either Monday or Tuesday night of the new classes will be taken in the Grossmont Adult Office or at the Adult Office at Helix High School (after 4:30 p.m.).

Further information may be had by calling Ho 6-4155.

LETTERS TO THE EDITOR

The REVIEW recently charged editorially that some insurance companies deliver less in protection and service than the policyholder is led to believe he is buying. We cited a case where we had to take to small claims court for collection a claim resulting from a collision with our car. Our car was properly parked and there was no question as to the responsibility.

The day the trial was held a questionaire came by mail from the insurance adjusting firm. It contained 112 questions which I defied anyone to answer without benefit of perjury.

I also charged that insurance firms by such tactics are not only able to save on personnel costs, but many claimants do not take the time nor trouble to carry their claims to court, thus giving the insurance company a chance to save again.

The court, in finding for me, the plaintiff, said that most of the suits coming to that court resulting from such problems as mine, centered around a few cut-rate insurance firms who failed to live up to their insured's expectation of service or protection. The court pointed out that both the insured and the plaintiff had wasted considerable time that rightly should have been the responsibility of the insurance company to get the claim adjusted.

In any event, here is some reaction created by the article.

Editor

R. S. GORDON
Insurance Claim Adjuster

Dear Mr. Goodwin:

We are pleased to attach our draft number 3628 in the amount of $98.71 in full and final payment of all loss and damage arising out of the unfortunate accident occurring August 14.

We exceedingly regret that this office was not informed of this incident prior to the time you felt it necessary to file a small claims court action. We also regret that there has been any inconvenience caused you as a result of this accident. As you know, each and every business has certain ways of conducting their various business, and the insurance companies are no exception. In order for the insurance adjuster to obtain information concerning an incident it is necessary that we have the opinion of the parties involved and in this instance it necessitates the completing of an accident report form which was submitted to you, but was not acknowledged.

In regard to the editorial you felt called upon to publish in the October 12, 1955 issue of the Spring Valley Bulletin we would like to say that it is and has been the practice of many insurance companies both large and small, to use the service of an independent insurance adjuster to service the assureds in areas where they feel that this type of adjustment is the best for the area. The insurance company involved at this time uses the services of this office exclusively and from our own personal experience we can say that the Sequoia Insurance Company enjoys a very fine reputation and we believe that your criticism was made in a moment of anger and not after a thorough investigation of the facts.

Assuring you of our pleasure in having been able to be of service to you, we are,

Yours very truly,
R. S. Gordon

Percy Goodwin Co.

Dear Mr. Goodwin:

Possibly it was "providential" that some errant driver struck your parked automobile recently!

At any rate, the article published in the Spring Valley Bulletin and the Lemon Grove Review of October 12, 1955 in your "Dimmer View" certainly is an echo in substance and in fact of what most reputable agencies have tried to preach to the public for years.

You are to be congratulated for the article—an outstanding example of public service.

I'm proud that my name appears in an advertisement in your paper regularly along with the name of my agency. We have long ago established the practice of paying insurance claims direct from our own agency offices so as to eliminate just such red tape which you mentioned in your column.

We subscribe to the principle that service comes first. I hope you will continue to follow that same "service first" practice with your publications circulated in the Lemon Grove-Spring Valley area.

Sincerely yours,
Percy H. Goodwin Co.
By Donald E. Irwin
Insurance Counselor

Insurance Agents Association of San Diego

Dear Mr. Goodwin:

Your article "The Dimmer View," featured in the October 12 edition of your newspaper has been called to the attention of the Insurance Agents Association of San Diego and we wish to express our sincere thanks to you for bringing this story to the attention of your readers.

Certainly it should be obvious to anyone why there could be a difference in insurance rates between two companies if one company is paying claims made against is policyholders on a legitimate basis and the other company is denying these same legitimate claims unless the claimant takes the case to court.

The legitimate insurance companies are prepared to pay a proper claim when it is presented, without an unnecessary amount of effort on the part of the claimant, however some of the "cut rate" companies" are inclined to make a claimant fight for every penny regardless of the question of liability.

It seems strange, and in fact at times discouraging, that the insurance buying public does not recognize the differences between insurance companies. Your article touched on the claims philosophy of one company, but as you pointed out, this is not the attitude of all companies. It would be impossible in this letter to itemize the many other distinctions between insurance companies, but in buying an insurance policy it certainly is paramount to consider:

1) The financial strength of the company.

2) The type of company selling the policy—e.g., stock, reciprocal, or mutual.

3) The insurance protection being purchased (not all automobile policies are the same).

4) The status and caliber of the individual or organization handling your insurance transaction.

Certainly price is an important factor; however most people realize that you receive exactly what you pay for.

Again our sincere appreciation for your fine article.

Yours very truly,
David Corbett, president
Insurance Agents
Association of San Diego

Dear Editor:

It has been my contention that a public servant should be thanked publicly. Since my talk with and thanking you recently I've decided I'd write and thank you again for the publicity you've given the Homeland Democrat Area Club in the Spring Valley Bulletin and the Lemon Grove Review. Since 1952 it's been hard for the Democrats to get any publicity so it's very heartening to find a publisher who is fair enough to print both sides of a question. Much luck in the papers' new home and to yourself.

Always
3546 Helix St.
Mrs. Charlotta Phillips
Spring Valley, Calif.

Dear Editor:

With the increasing number of new businesses being established on East Broadway and Imperial Avenue, it is imperative that immediate action be taken by the Highway Department, Lemon Grove Police Department and other agencies which have to do with automobile traffic control, to slow down drivers in this zone who have little regard for safety cautions or respect for prevailing laws.

In midtown Lemon Grove, the congestion of cars prevent reckless motorists from exercising their self-centered prerogative of speeding without regard for the lives or properties of others. But in the approaches to the city center, they ignore the 25 mile an hour speed limit. Especially on the Imperial and East Broadway approach, it is almost common for motorists to drive at dangerous speeds.

Children Endangered

The area we are concerned with not only contains many businesses, but in it are also located several schools with the constant danger existing that the lives of children may be lost if this situation is not remedied immediately. Accidents occur frequently in this section of the city limits, yet responsible departments remain irresponsible. Is it necessary, as seems to be the case in dangerous driving zones, that deaths first occur before safeguards are set up?

Apart from our aroused indignation over neglect by responsible departments and agencies against having fatalities happen we, the business men in this section, protest the lack of consideration given to us in conducting our operations. Rapid traffic makes it almost impossible for our patrons to safely enter and leave the parking spaces to conduct business with us. We are obliged to pay the several burdensome taxes in order to conduct our businesses, but little regard is given as to whether we prosper or fail. In this respect, neglectful department and agencies are as culpable as traffic offenders.

We urge you, Mr. Goodwin—as an editor whose efforts in the public good has brought about many corrections—to print this protest, and also interest yourself in our problem. What we need—and at once—are highway signs along the Imperial Highway and East Broadway city limits, indicating that it is a 25 mile an hour zone; and then the patroling of this dangerous stretch to obtain full enforcement. Exactmept of fines from offenders and punishments will go a long way to correcting these ignored evils.

Lt. E. G. Nelson, assistant to the commanding officer of the California Highway Patrol visited this area and this office following notification that your letter had been received.

Lt. Nelson rejected the proposition that he or his men were indifferent or irresponsible.

He pointed out that he knew that the complaining area is not getting proper patrol, but he said it is equally true that no county area is getting the patrolling indicated by fast and heavy traffic.

Personnel spread too thin is the reason, Lt. Nelson said. Last year Gov. Knight asked for 320 additional patrolmen. Legislature approved 154.

SPREAD THIN

Beat 8, in which Lemon Grove, Spring Valley and the Homelands area are situated is covered by 2 men days and 2 men nights. This skimpy coverage must also be shared with Beat 7 (Highway 80) and Beat 4 (Bostonia and Lakeside) with no additional equipment available for emergency (graveyard) call.

In 1954 in San Diego County a request for a total of 75 officers was made. The Patrol got 38. In 1955 a request for 84 officers resulted in 47 being assigned.

This illogical constriction of numbers of enforcing officers is in reverse ratio to the growth of California. We have 4% of the nation's population and 10% of it's vehicles.

ACCIDENTS HIGH

Traffic totals reflect the adequacy of patrolling. On Beat 8 in July there were 32 accidents; 2 killed, 25 injuries. In August, 32 accidets; 0 killed, 11 injuries, and in September, 23 accidents, 1 killed, 21 injuries.

The hope for a better situation on Broadway is the coming freeway which will siphon off some of the traffic. A temporary aid is Lt. Nelson's directive to his Beat 8 men: to keep an eye on speeders for the coming week on east Imperial.

My guess is that some of the violators caught in this web will be customers of the business people who instituted this letter but if it succeeds in slowing down speeders, I'm for it.

Max Goodwin

Throwin' the Bull

By BOB TURNBULL

It's a Joke, Son! . . . Anybody who meets you halfway these days is probably a poor judge of distance.

—o—

Altar Arrests! . . . Janet Gay, ex-Helixer, is now Mrs. Robert Chase. She is the daughter of Mr. and Mrs. Sherman Gay, of 3916 Bancroft Drive, Spring Valley. . . . Jim Goodson, former Highlander, will soon claim Patsy Duncan as his bride. . . . Mr. and Mrs. W. H. Dawson of Lemon Grove were hosts at a reception in their home last week honoring the marriage of their daughter, Marlene, to Al Arnold, a former State College TEKE. Merlene was in Alpha Chi Omega. . . . Beverly Loper is now Mrs. Everett Freel. Bev made a clean four years of it at Helix High.

Football! . . . This Friday night, November 4, Helix and El Cajon lock horns on the Highlanders' home turf in Helix's second league battle. Kickoff is 8 p.m. On the same day and time San Diego Junior College's Knights travel to Santa Monica JC to play the strong Corsairs. . . . On Saturday, November 5, San Diego State College's Aztecs travel to Fresno State in a lopsided game that will more than likely see the foreigners win. . . . On Friday the fourth, Grossmont and Chula Vista run headon at the C. V. plant.

MY PREDICTIONS: Helix 26, El Cajon 7; SDJC 21, Santa Monica JC 14; Fresno State 33, S. D. SC 13; Chula Vista 27, Grossmont 6.

—o—

Highlandville . . . The new officers of La Convetables are president Judy Freymiller; veep, Lea Conlee; secretary, Judy Surpura; and treasurer, Julie Coats.

This year's Grand Duchess officers are: Grand Duchess, Lorraine Sawyer; Lesser Duchess, Connie Mastorokus; Scribe, Bobbi Sable; Financial Scribe, Leilani Rose; historian, Dianne Curtis; and ICC representative, Kay Armstrong.

Congrats to the Helix Bagpipe Band for its recent second place award in the band division of the Julian Apple Days. The ASB helped the Bagblowers purchase their green 'n gray outfits that look snazzy!

—o—

What's Happening? . . . Wednesday, November 2, "Campus Corner" (formerly known as Teen Review) will be on every Wednesday afternoon starting at 4:30 p.m. on KFSD-TV (Channel 10) with Lynn Taylor as your host. . . . Thursday, Nov. 3—La Jolla plays Hoover at Hoover. . . . Friday, Nov. 4—Helix High School homecoming assembly at 1:45 in the stadium. Alumni show. Game at night. Dance following. . . . Friday, Nov. 4—these football games: Lincoln vs. Kearny at Hoover; St. Augustine vs. Pt. Loma at 2:30; Mission Bay vs. San Diego in Balboa Stadium. All are night tilts with the exception of the Pointer-Saints fray. . . . Saturday, Nov. 5—Major league all-star baseball game at Lane Field at 8 p.m.

—o—

Dis 'n Dat . . . This week's thought: "A Good Christian Never Retreats." . . . To Norbert Dale Hudson: "Crime Does Not Pay." . . . Good luck to Mary Monette in the Toyland parade queening! . . . The "coolest" in the way of sodas: a couple of tablespoons of chocolate-flavored syrup (the kind that comes in cans) in each glass. Add a cola beverage and a scoop of vanilla ice cream.

HOW ALKALINE is the water you and your plants drink?

DO YOU KNOW
how to make water WETTER to force deep penetration into hard or packed soils?

DO YOU KNOW
about the newest "tool" in plant nutrition— Chelates(kee-laytes) — and how to change your soil chemistry with them?

DO YOU KNOW
that NOW you can RENOVATE Bermuda grass chemically by a simple spraying operation — as easy as fertilizing a lawn?

DO YOU KNOW
the easiest and safest methods of cleaning out bug infestations — everything from Aphis to Termites and Scale Insects to Snails and Slugs?

DO YOU KNOW
how to scientifically prune and spray Fruit Trees?

If you hunger for such information, make it a MUST and attend the

FREE—Cha-Kem-Co Garden Clinic
November 5 & 6 1:30 Both Days at
Hunter's Nursery
3110 Sweetwater Ave., L. G.
HO 6-3893

NOTE: If you want an alkalinity reading of your water, for demonstrations and lectures on all the above subjects, bring in a 4-oz. sample also specimens of insects and parts of diseased plants for diagnosis.

Ask for Free copies of "Doc" Cha-Kem-Co's HORTICULTURAL GUIDE and HINTS ON PRUNING AND SPRAYING FRUIT TREES.

To celebrate the occasion of this unique plant clinic we are having a shade tree sale.

BRAZILLIAN PEPPER—SILK OAK—JACARANDA—CAMPHOR

WAITRESS' BENEFIT PRODUCES $2,600

A Tavern Owners' Association benefit for June Johnson, a waitress killed in an auto accident in October, produced $2,600 which is being set up in a trust fund for her two daughters.

Miss Johnson, a waitress at a well known downtown restaurant, was enroute to Yuma to be married. Also killed was the children's stepfather-to-be, a San Diego based Marine.

The children are six and eight years old. Most local tavern people took part in the affair.

SUMMONS
In the Municipal Court,
San Diego Judicial District
County of San Diego,
State of California
No. 26580

SUMNER B. HARRIS and RUBY C. HARRIS, Plaintiffs, vs. ARTHUR J. KELLY and MARIE L. KELLY, defendants.

THE PEOPLE OF THE STATE OF CALIFORNIA SEND GREETINGS TO: ARTHUR J. KELLY and MARIE L. KELLY, Defendants.

The above named Plaintiff having brought action against you in the Municipal Court, San Diego Judicial District, County of San Diego, State of California, by filing therein a complaint (copy of which is required to be served herewith);

YOU ARE HEREBY DIRECTED to appear (by filing a written pleading) and answer the said complaint within TEN days after the service on you of this Summons, if served within the county of San Diego; and within THIRTY days if served elsewhere. And you are hereby notified that unless you so appear and answer as above required, said Plaintiff will take judgment for any money or damages demanded in the complaint, as arising upon contract, or will apply to the Court for any other relief demanded in the complaint.

Given under my hand and the Seal of the Municipal Court, San Diego Judicial District, County of San Diego, State of California, this 12 day of August, 1955.

RESOLUTION No. 6010

A RESOLUTION ESTABLISHING TIME OF HEARING OF PETITION AND GIVING NOTICE OF THE PROPOSED ANNEXATION OF AN UNINHABITED AREA KNOWN AS BANCROFT DRIVE TO THE CITY OF LA MESA, A MUNICIPAL CORPORATION

WHEREAS, there has been filed with the City Council of the City of La Mesa, a Municipal Corporation, a written petition signed by the owners of more than one-fourth of the land by area, representing in excess of one-fourth the assessed valuation according to the last equalized rolls in the Assessor's office of San Diego County, of the contiguous uninhabited territory hereinafter more particularly described, requesting that such territory be annexed to the City of La Mesa;

NOW THEREFORE, pursuant to the Annexation of Uninhabited Territory Act of 1939 of the State of California, Title 4, Division 2, Part 2, Chapter 1, Article 5 of the Government Code of the State of California (Sections 35300 through 35325), the City Council of the City of La Mesa, California, hereby resolves as follows;

1. That the contiguous uninhabited area, the subject of such proposed annexation proceedings, shall be designated as Bancroft Drive Annexation

2. That the boundaries of the territory subject to such annexation proceedings and the true legal description thereof are as follows:

LEGAL DESCRIPTION OF BANCROFT DRIVE ANNEXATION

All of that unincorporated area in the County of San Diego, State of California lying within the following described line:

Beginning at the northeast corner of Lot "D", Block 1 of Avocado Villas, according to Map thereof No. 2111;

1. Thence South 0°35'40" East 74.05 feet to the southeast corner of said Lot "D", Block 1;

2. Thence North 89°44'30" West 196.06 feet to the southwest corner of said Lot "D", Block 1, said corner being also a point on the easterly line of Bancroft Drive according to said Map No. 2111;

3. Thence South 0°20'45" East 393.11 feet along said easterly line to the southwest corner of Lot "A" Block 4 of said Avocado Villas;

4. Thence North 89°40' West 50 feet along the westerly prolongation of the southerly line of said Lot "A", Block 4 to the westerly line of said Bancroft Drive, being also the boundary line of the City of La Mesa;

5. Thence North 0° 20'45" West along said westerly and City boundary line to an intersection with the westerly prolongation of the northerly line of said Lot "D", Block 1;

6. Thence South 89°47' East 245.70 feet along said westerly prolongation and northerly line of said Lot "D", Block 1, to the POINT OF BEGINNING.

3. That notice be, and it is hereby given of the proposed annexation of said territory to the City of La Mesa a Municipal Corporation;

4. Notice is hereby given that on December 13, 1955 at the hour of seven o'clock P.M., of said day, at the Council Chambers at the City Hall of the City of La Mesa at Number 4755 Spring Street in said City, a hearing will be held at which time and place the City Council will hear protests made by any person owning real property within said territory;

5. The City Clerk of the City of La Mesa is hereby oredered and directed:

(a) To cause a copy of this Resolution to be published at least twice, but not oftener than once a week, in the La Mesa Scout, a newspaper of general circulation, published in the City of La Mesa, and also in the Lemon Grove Review a newspaper of general circulation published outside the City of La Mesa, but in the County of San Diego (said publications to be completed at least 20 days prior to the above hearing date).

(b) To cause written notice of the above proposed annexation to be mailed to each person to whom land within the territory proposed to be annexed, is assessed in the last equalized county assessment roll available on this date, at the address shown on said assessment roll or as known to said City Clerk, and to any person who has filed his name and address and the designation of the land in which he has any interest, either legal or equitable with said City Clerk.

(c) to cause written notice of the above proposed annexation to be mailed to the Board of Supervisors of San Diego County.

(d) To cause the notices referred to in paragraphs (b) and (c) above to be given not less than 20 days before the above hearing date.

PASSED AND ADOPTED at a regular meeting of the City Council of the City of La Mesa, California, held on the 25th day of October, 1955 by the following vote to-wit:

AYES: Councilmen Nielsen, Nagel, Harness, Crosbie, Logan
NOES: None
ABSENT: None

CERTIFICATE OF CITY CLERK

I, L. L. FREEMAN, City Clerk of the City of La Mesa, California, do hereby certify the foregoing to be a true and exact copy of Resolution No. 6010, duly passed and adopted by the City Council of said City on the date and by the vote therein recited. (Seal of City)

CHRISTMAS CAROLE IS "MONEY" DOLL

Pretty little Susan, daughter of Mr. and Mrs. John Fadley, 4706 Barbarosa Dr. poses with Christmas Carole, the money doll to be given by the Business Women's League in a drawing. Funds will be used for plaza beautification. Doll's dress is trimmed with more than $100 in currency.

—L. G. Camera Foto

LEMON EIGHTERS HAVE SWELL PARTY

The Lemon Eighters of the First Congregational Church held a masquerade dance at the Friendship Hall last Thursday.

Fourteen squares attended in as many costumes, and prizes were awarded to the best costumes. Winners were Edith Rhodehamel as Porky Pig and Bruno Pueschel as a beggar. The H & H Tunetwisters acted as judges and also furnished the music for the evening.

Decorations were arranged by John and Fanny Walker and Jim and Anita Hall and refreshments included coffee and doughnuts.

A little reminder to everyone: Lemon Eighters dance the second, third and fourth Thursday of every month with the fourth Thursday being party night.

Lutherans to Hear Guest Pastor

Pastor Andrew C. Anderson of Hawthorne, California, will conduct a series of special services at the Lemon Grove Lutheran Church, corner of Skyline and Alton Drive. These services will start next Sunday and continue each evening through Thursday, November 10, and are in conjunction with the Lutheran Evangelism Mission to be held throughout this area in 17 Lutheran Churches.

Everyone is cordially invited to attend.

LOCAL CAFE TO BE OPEN 'TIL 4 A.M.

Lemon Grove is growing up . . . at least in the night life part of its existence.

Beginning this week revelers may get breakfast as late as 4 a.m. at a local cafe. The place is Lido's, a spaghetti and pizza house at 7252 Broadway.

Tom Baliestriri and Leonard Cusenza said that they would serve bacon and eggs, as well as any of the Italian dishes on Friday and Saturday. The restaurant is open daily from 4 in the afternoon, and from noon on Sunday.

HUNTER'S NURSERY TO HOLD FREE NURSERY CLINIC

Free alkalinity tests of drinking and irrigation water, demonstrations on how to make water wetter for penetration into adobe soils and the pruning and spraying of fruit trees are just a few of the unusual courses that will be served to information-hungry gardeners — amateurs and profesionals—of this area, by the Hunter's Nursery Cha-Kem-Co free clinic.

In addition to the above there will be a demonstration on the chemical renovation of Bermuda grass lawns to kill the top mat and all weeds and weed seeds (including crab grass seeds) by merely spraying the top growth. Seeding of the sprayed area may be done a week after treatment, according to Ralph Chacon, horticulturist in charge of the demonstration.

Mr. Chacon, who is well known in agricultural chemical and horticulutral circles throughout the state, will also lecture on Chelates (pronounced "kee-laytes") —what they are and how they work. Mr. Chacon explained that they are the new "tools" that are used to green up and restore to normal growth yellow and sickly plants that may be suffering from iron, zinc and other mineral deficiencies.

The Cha-Kem-Co Garden Clinic will also delve into the safest and most effective ways of eliminating bugs from the home and garden — everything from termites to aphis, roaches to caterpillars and house ants to lawn fleas.

Those requiring alkalinity-tests of their water are requested to bring a four ounce sample of water to be tested. Those with pest problems will likely get more out of the questions asked if they will bring specimens of insect pest-damaged or diseased portions of plants for a better diagnosis.

The lectures and demonstrations will start promptly Saturday and Sunday. Come prepared to take notes.

About the time one learns to make the most of life most of it is gone.

SUMMONS
In the Superior Court of the State of California
In and for the County of San Diego
No. 200536

MAXIE LOU JACKSON, Plaintiff, vs. WILLIAM FRANK JACKSON, Defendant.

The People of the State of California Send Greeting: To The above named defendant, WILLIAM FRANK JACKSON.

You Are Hereby Directed to Appear and answer to a Complaint in an action entitled as above, brought against you in the Superior Court of the State of California, in and for the County of San Diego, within ten days after the service on you of this summons—if served within this County; or within thirty days if served elsewhere.

And you are hereby notified that unless you appear and answer as above required, the said Plaintiff will take judgment for any money or damages demanded in the Complaint, as arising upon contract or will apply to the Court for any other relief demanded in the Complaint.

NOTICE OF PROPOSED CHANGE OF ZONE BOUNDARIES OR CLASSIFICATION (Lemon Grove Zoning District)

NOTICE IS HEREBY GIVEN that the Board of Supervisors of the County of San Diego will hold a hearing on Tuesday, November 15, 1955, at 11:45 a.m., in Room 310 San Diego City and County Administration Building, Civic Center, San Diego, California, on the application of Theodore G. and Theresa Haaf for an amendment to The Zoning Ordinance (County Ordinance No. 1402 (New Series)) to change the zone classification of the following-described property within District No. 12, Lemon Grove Section in the County of San Diego, State of California, from an R-2-A Zone to a C-1 Zone:

Lots 9 and 12, Arcadia, according to Map thereof No. 1250, on file in the office of the County Recorder of said County of San Diego.

The County Planning Commission, after making the investigation and holding the hearing required by law, has recommended that said application be granted.

For further details reference is hereby made to the application, the recommendation of the County Planning Commission, including a proposed amendatory ordinance submitted by said Commission, and a map showing the proposed change, which are on file in the office of the Clerk of the Board of Supervisors, Room 308 of said San Diego City and County Administration Building.

R. B. JAMES, County Clerk and ex officio Clerk of the Board of Supervisors
By J. Miller, Deputy

San Diego County Pioneer Passes On At Age 77

Carbonate O. Johnson, resident of San Diego county for 55 years and for the past 14 years a resident of Lemon Grove, passed away October 28.

He had a fruit packing business here, which he closed out a few months ago when the freeway took his property.

Mr. Johnson, named by his parents "Carbonate Ore," was born in South Dakota in 1878, and was the first white child born during the Black Hills gold rush.

C. O. Johnson was a miner and prospector all his life, and finally hit the jackpot when he discovered a huge deposit of vermiculite east of Lemon Grove on Highway 80 near Jacumba about three years ago. Vermiculite is a soil conditioner that is coming into use throughout the United States. Nurserymen say that it has no superior in causing plants to make roots fast, and its use makes the soil friable and easy to work, besides increasing its productiveness. The deposit near Jacumba is said by Don Weaver, noted mining engineer, to have 4,000,000 tons at least. The ease and low cost of mining this material, 50 cents a ton, and the increasing demand, together with the low freight rate, $15.00 a ton anywhere in the United States, makes it valuable. It costs $2 per ton to put in on the cars, leaving a net to the mine owner of $74.50.

Mr. Johnson homesteaded 360 acres in Imperial Valley when that valley was opened to settlement, and moved to San Diego in 1900. He liked to tell about riding down Broadway (then called "D" street), on a bicycle. Population of San Diego at that time was about 15,000.

In 1917 Mr. and Mrs. Johnson were married in the First Methodist Church by the Rev. Ferris, popularly known as "the fighting Parson," because of his zeal in battling for his principles.

Mr. Johnson made many friends in Lemon Grove and was very highly regarded in the community. He leaves a widow, Mina B. Johnson, two sons, Captain Harold B. of the Air Force, and Lehron E. Johnson of San Diego, two daughters, Mrs. Marjorie Greenway and Mrs. Thelma Willman, both of San Diego, and a sister, Mrs. Gene Curan, now living in Los Angeles, besides nine grandchildren.

Funeral services were held on Monday, October 31, at the Southern Baptist Church, Main and Burnell, Lemon Grove, conducted by Deacon Bob Rochelle, long time friend. Interment was at Greenwood Cemetery.

MT. HELIX WHITE SHRINE MEETS FRIDAY

Mt. Helix Shrine No. 52 Order of the White Shrine of Jerusalem will meet on Friday at 8 p.m. in the La Mesa Masonic Temple, 4731 Date St., La Mesa.

Following the meeting a party honoring the supreme honorary and elective officers is planned.

Officers are as follows: Mrs. Leonard Berquist, worthy high priestess; Kenneth McKinney, watchman of shepherds; Mrs. Perna Braley, noble prophetess; Frank Betsch, associate watchman of shepherds; Lillian Patterson, worthy treasurer; Mrs. Clarence Wagness, worthy scribe; Mrs. Fred Rogers, worthy chaplain; Mrs. Clyde Clary, worthy shepherdess; and Mrs. Sydney Morse, worthy guide.

The chairman of arrangements for the evening will be Mrs. Frank Betsch assisted by Mrs. Harold Murphy.

NEW SERVICES FOR VLM CHRISTIAN CHURCH

Vista La Mesa Christian Church, Massachusetts at University, has a new schedule for services. Because of increased attendance the changes were necessary, acording to Rev. Donald C. Jones, pastor.

Morning worship services will now be held at 9:45 a.m. and 11 a.m. Church school classes for children through sixth grade will be conducted at both times. Junior high school classes will meet at 11, and high school classes at 10.

The new morning schedule will not alter the evening schedule, with classes for youth at 6:30, and worship service at 7:30.

The length of man's life depends not so much on the star under which he was born nowadays as the color of the light when he crosses the street.

FINAL REPORT GIVEN ON HIGH SCHOOL BOND ISSUE

Statistical minded folk who want to know how the various districts responded to the October 14 election for high school bonds for the Spring Valley-Lemon Grove High School will be interested in this final rundown.

Bonds yes—69%	4879
Bonds no—31%	2192
Total votes	7071
Number registered voters	39,000
Qualified electors who voted	18%

The vote by precincts:

		Yes	No
1	Rolando School	359	202
2	La Mesa Dale	263	160
3	La Mesa El.	197	161
4	Lemon Ave.	374	191
5	Fletcher Hills	171	55
6	Casa de Oro	291	96

29	Santee	93	21
	Absentee votes	7	6

Helix High Parents Go 'Back to School'

Helix High School PTA is putting on a "Back to school" program the evening of November 9 in recognition of American Education Week.

After a brief business meeting at 7:30 parents will become students again at an open house class visitation program, according to Albert Wallace, Helix PTA president. Parents will follow the regular class schedule of their student son or daughter on an abbreviated schedule. Opportunity will thus be provided for parents to meet each teacher and to discover, first hand, the study program that is being pursued in each course.

During the evening, Mr. Wallace states, refreshments in the form of cider, coffee, doughnuts and cake will be sold at modest prices for the enjoyment of busy students. Proceeds will go toward meeting the PTA budget.

ST. PHILIP'S EPISCOPAL CHURCH LAUNCHES AN EVERY MEMBER CAMPAIGN

St. Philip's Episcopal Church is launching its Every Member Canvas this week. Teams headed by captains will call on every Episcopalian whose name is on the records of St. Philip's. This "roll-call" is conducted every year when members are asked to pledge their support of the Episcopal Church in its work throughout the world.

Last Friday evening many of the church members had an enjoyable dinner together and heard an inspiring message from Rev. Harold B. Robinson of St. Paul's, San Diego, who was a delegate to the Episcopal Convention in Hawaii.

The first meeting of the adult Bible study group will be November 8 at 7:30 p.m. All interested persons would be welcomed.

We wouldn't put it past the debunkers of Davy Crockett to turn on another character popularized by Walt Disney and call Mickey Mouse a rat.

METHODIST YOUTH COLLECTS FUNDS FOR UNICEF

The young people of the Methodist Church tried something new this year for Halloween. Instead of going out for the usual run of "Trick or Treat," they solicted funds for UNICEF.

The United Nations International Children's Emergency Fund is the arm of the United Nations that serves the underprivileged children of the world. Through UNICEF, milk is distributed to children in countries where dairy cattle are scarce. One dollar will buy a glass of milk a day for nine children for a week. Five dollars will provide enough DDT to protect 530 people from typhus for a season. Ten dollars will buy enough penicillin to cure 30 children of the eye disease trachoma. Through UNICEF, significant strides are being made against diseases that cripple and kill children throughout the world.

Through their Halloween effort, members of the Methodist Youth Fellowship collected $25.13 or enough to buy DDT to protect 2,650 children against typhoid or to buy enough penicillin to cure 75 children of trachoma.

Members of the groups wish to thank those Lemon Grove citizens who so graciously gave that other children might have a chance to live healthy lives.

It is a woman's urge to have the last word that causes her to add a postscrip to her letter.

"There's no fool like an old fool"—but do you know anybody who has a better time?

LAW IN ACTION

COMMON SENSE AND LAW

Most law is just plain common sense with teeth in it. The trouble is, things get out of hand so fast sometimes that you can't use your common sense. So think out things a bit before you act.

For example, you know better than to trail right behind a speeding car. The front driver cannot always see you. He cannot always drive as you expect him to, and you cannot always outguess him.

So drop back, man.

Take Len: He was carefully driving to work the other day. Pushing right along behind was Ralph, late for work, and honking at each stop.

At the next signal everything looked clear. But just then the amber light turned red, and Len gave a proper hand signal and stopped short. And good old Ralphie ploughed right on into Len's bumper, smashing both cars.

"Why did you have to stop, you dope?" Ralph demanded. He was good and mad, so angry he sued Len for damages.

Did Ralph recover his smashed car? Not a dime. Turns out he had to pay Len for his car.

Even if Len could have made the crossing safely, that doesn't help Ralph any. It was Ralph's duty to allow enough room to stop in. For him to drive that close in moving traffic was "negligent," to say the least.

Under California law, as elsewhere, the driver in back must keep a safe distance; he must make sure he can stop if he has to. Otherwise he "contributes" to the mishap, and cannot collect. And if the front driver does not share in the blame, as Len did not, then the driver behind may have to foot the whole bill.

Good sense tells you how to drive safely. The law makes you pay if you don't.

NOTE: The State Bar of California offers this column for your information so that you may know more about how to act under our laws.

IT'S UP TO YOU

By *Howard E. Kershner, L.H.D.*

Communism repudiates parliamentarianism. While it elects men to membership in the parliaments of various countries, its aim is to destroy the parliaments. Communist party members seek membership in the free organizations of non-communist nations in order to subvert and destroy them. A prominent position in an organization or in Congress affords an excellent platform from which to criticize free institutions and to promote communist propaganda.

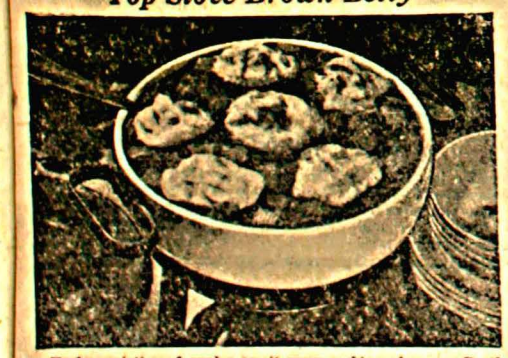
According to the Second World Congress of the Communist International, the duties of communist members of parliament are defined as:

"The regular proposing of demonstrative measures, not for the purpose of having them passed by the bourgeois party, but for the purpose of propaganda, agitation, and organization. Each communist representative must remember he is not a 'legislator' who is bound to seek agreements with other legislators, but an agitator of the Party detailed into the enemy's camp to carry out the orders of the Party there."

Since the communist in Government is a traitor, with loyalty to a foreign power, he has no right to be in the Congress or parliament of any free country. He should be recognized for what he is, a traitor in our midst, seeking to destroy our country. This is said on behalf of all free countries.

Christian Freedom Foundation, Inc. New York 19, N. Y.

Top Stove Brown Betty



Early varieties of apples await your cooking pleasure. Gentle heat enhances their rich mellow flavor, and they are at their best served as applesauce. Make a lot and save out 3 cups, unsweetened, for this delicious, quick and unusual dessert. Perfect to serve after a cold dinner on a warm evening.

Summer Applesauce

Core apples; cut in eighths; do not pare. Pour into saucepan; add just enough water to cover bottom of pan to a depth of about ¼-inch. Cover pan; cook over low heat, stirring often, until apples are soft. Put through food mill or sieve. Sweeten and spice to taste, while warm. Try brown sugar, light or dark, for pleasant flavor.

Top Stove Brown Betty

(made in a frying pan or chafing dish)

- *4 tablespoons butter or margarine*
- *4 cups bite-size shredded rice cereal*
- *½ cup light brown sugar**
- *½ teaspoon cinnamon*
- *3 cups unsweetened applesauce*
- *2 tablespoons grated orange peel*
- *¼ cup orange juice*
- *¼ teaspoon salt*
- *Thick sour cream*

(*If canned applesauce is used, less sugar may be needed.)

Melt butter or margarine; stir in cereal; stir over low heat until lightly browned. Mix sugar and cinnamon; add, sprinkling evenly; stir well. Add applesauce; heat thoroughly. Add orange peel, juice and salt; mix well. Top with spoonfuls of sour cream; serve at once. Six servings. FNS

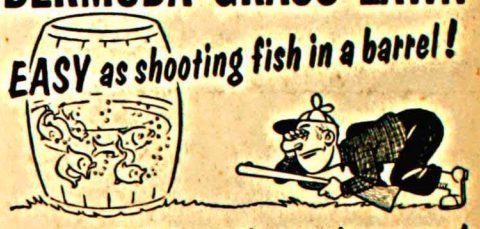
Renovate your BERMUDA GRASS LAWN

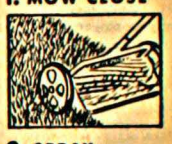
EASY as shooting fish in a barrel!



1-2-3...and a new lawn grows!

WITH WEED-O-KIL, the sensational new chemical discovery that kills vegetation without sterilizing soil, you can renovate a Bermuda Grass lawn quickly, easily and economically. First mow the lawn close, almost to the scalping point.

1. MOW CLOSE



Now spray on Weed-O-Kil (a 1 to 50 solution). Weed-O-Kil, at this dilution, kills the top mat of Bermuda runners, which eventually decay. Kills off dandelion, ragweed, oxalis and other weeds, too.

2. SPRAY

Re-seed a week or ten days later, after a drenching irrigation. New grass springs up, gives you a green lawn that shades Bermuda roots and keeps them dormant.

3. RE-SEED

WEED-O-KIL has many other uses. Kills weeds in paved areas and hard-to-reach places. Also tends to "flameproof" weeds, reduces fire hazard on that vacant lot! Most garden dealers have Weed-O-Kil.

For many helpful gardening suggestions, get a free copy of "Doc" Cha-Kem-Co's Horticultural Guide at your nursery or by mail from:

Beauty Salon Changes Ownership

Rene-Al's Beauty Salon Number 2, 7343 Broadway, between Harris and Alford Street, has changed ownership, and will be known hereafter as Vada-Lois Beauty Salon.

The new owners, Vada Dawson and Lois Litscomb, will take over November 7 and will have the formal opening on Thursday, November 10, when refreshments will be served to all friends who drop in.

By the way, that "all" means what it says, since both ladies have lived in Lemon Grove for years. Mrs. Dawson has lived here with her husband and two daughters for six years and has been employed at Barbara's Beauty Salon for three years, while Mrs. Litscomb first came to Lemon Grove with her parents in 1939. She married a sailor and moved around over the country until her husband retired from the Navy, and they came to Lemon Grove to stay. Lois also has been employed by Barbara's Beauty Salon for more than a year. She received training in her profession in San Diego. Mr. and Mrs. Litscomb have four children, two girls and two boys, the youngest a boy of six and a half years.

A complete beauty service will be available, with satisfaction assured.—D. H.

NAVY HOSPITAL JOBS AVAILABLE

Civil service examinations for the positions of extractor, tumblerman, and heavy duty truck driver, are now being held to fill existing vacancies in the Naval Hospital Laundry and in other federal government establishments in the San Diego area, it was announced today by the Eleventh Naval District Board of United States Civil Service Examiners.

Salaries for the positions are as follows: $1.38 to $1.50 an hour for extractor and tumblerman, and $1.95 to $2.11 an hour for heavy duty truck driver.

Interested persons may apply at any post office for information and applications, or at the board of examiners located on Broadway Pier, San Diego.

AREA MEETING DATES GIVEN FOR HOSPITAL AUXILIARY

Area meetings of Grossmont Hospital Women's Auxiliary, at which 1956 area chairmen will be elected, have been announced for Lemon Grove, Monday, Nov. 7, 9 a.m.; and Lakeside, Wednesday, Nov. 9, 10 a.m. Meetings of other areas are being planned for later dates to be announced. The election of its own chairman by each area is one of the by-law amendments that were approved at the Auxiliary's general meeting, Oct. 14.

The Lemon Grove meeting, at which the present area chairman, Mrs. Herbert S. Haag, will preside, will be held in the Lemon Grove School District Office, 8025 Lincoln. In Lakeside, the meeting will take place in the home of Mrs. A. W. Nystrom, Ha-Hana Road; Mrs. Earll Wolcott, area chairman, presiding.

Spring Valley area has already held its election meeting on Oct. 20, in the 9039 Koonce Street home of Mrs. L. M. Green, co-chairman of the area; with Mrs. D. V. Stovall, area chairman, presiding. The chairman-elect is Mrs. N. T. Kenkel, 3626 Fairway Drive, who is one of the area's younger and very active members. She will be installed at the Auxiliary's general meeting, December 9, in company with other newly elected officers.

Lions Club Sponors Cub Pack 308

Lemon Grove Lions Club sponsored Cub Pack 308 held their monthly meeting at the junior high school cafetorium on Friday evening, October 21. Awards, skit and displays offered an interesting evening to cubs and parents.

Cubmaster Frank Doolin with assistants, Mr. John Christie, Albert Denlinger and Richard Munden Sr., committee award chairman, welcomed the following boys into its ranks as Bobcats: Thomas Bruton, Buzz Larson, Douglas and Gary Glover, John Wokuluk, Kenny Carney, Billy Lockart and Vernal Wilkinson.

The following received Wolf badges: Dennis Urevig and Arthur Fiero with a gold and silver merit award to Ronald Denlinger, Billy De Frote received a Bear badge, Sydney Craig, Wallace Ralniak and Greg Christie receiving silver arrows and a gold arrow respectively.

The following boys transferred from their dens to the Webelo rank: Alan Johnston, Larry Reagan, Jack Herman, Michial Alexander and James Binner. The pack said a farewell to Freddie Gage, Bob Kirby and Gray La Rose who were ceremoniously accepted by the Boy Scouts represented by Ray Heiserman. Eighteen one year service stars were presented to the boys and ten two year service stars. Den Mothers Jane Hubbard and Yvonne Gregory received two year service stars. One year service stars were presented to Jacqueline Scott and Helen Reynolds.

Den 6 opened the program by presenting the flag ceremony. Invocation was given by Father Slattery of St. John of the Cross Church. Pack awards given by Joe Kelly, Grossmont district commissioner included ten year award ribbon, award for 100% subscription to Boy's Life magazine also, awards for increasing pack membership and adult participation.

In keeping of the theme for the month a bee hobbyist, A. Denlinger, informed the pack on the habits and necessary equipment needed for bee keeping.

A skit followed presented by Den 3 which won the special award for the evening. Den 5 won first prize, Den 7 won second and Den 3 won third prize for project awards. Den 4 won honorable mention for table decorations.

The highlight of the evening was a bee guessing contest in a class display case provided by D. L. Baker of Spring Valley. The prizes consisted of honey in various amounts. Den 4 and Webels mothers served refreshments. Bottle drive is under way on all returnable bottles, also quart and gallon vinegar bottles. Phone HO 9-1498 or HO 6-8660 and the Cub nearest you will call for bottles.

STATE LIQUOR AGENTS JOBS OPEN—BUT WITH STRICTER STANDARDS

Positions as enforcement agents with the State Department of Alcoholic Beverage Control are now open to application, the State Personnel Board announced today.

A civil service examination will be held to fill about 20 vacancies in various parts of the state. The list of eligible candidates established by the examination will also be used to fill future vacancies for a period of a year or longer.

The title of the old "Liquor Control Officer" position has been changed to "Agent, Alcoholic Beverage Control," and new, higher standards have been set up for applicants. It is now necessary to have two years of recent, full-time law enforcement experience, and this experience must include investigation activity.

High school education is a requirement, but as in many state civil service opportunities additional qualifying experience may be substituted for education on a year-for-year basis.

Starting salary for the position has been boosted from $341 to $376 a month. Annual increases will bring an agent's pay to $458 a month after four years.

The forthcoming examination is the first statewide opportunity offered to applicants since the Department of Alcoholic Beverage Control took over liquor law enforcement from the State Board of Equalization. The department told the State Personnel Board it wanted agents capable of stressing the preventive aspects of enforcement, and also of making thorough investigation of prospective licensees and their premises.

The examination will cover knowledge of the State Alcoholic Beverage Control Act, and the department's purposes and activities; investigation and interviewing techniques; rules of evidence, laws of arrests and court procedure, and also principles of training and supervision.

The examination announcement also notes that applicants should have tact and good judgment, an ability to weigh facts impartially, a good memory for names, places and incidents, and must be willing to accept difficult assignments and work long and unusual hours.

Official application forms are available from the State Department of Employment offices on Columbia Street in San Diego.

EAST END GANG TO MEET

The East End Gang will hold their annual meeting in the Weber's Hall, 1955 Julian Avenue, San Diego, Friday night, November 4, at 8 p.m.

There will be plenty of entertainment and eats. No reservations necessary.

There are several members of the gang in the Spring Valley area. The East End Gang was started several years ago by former students of the old East School, later the Logan Heights School. As the years rolled by several of the members either passed away or moved from the area. Then the younger generation was taken in. As far as is known it is the only organization of its kind in the country.

For many years some of the former teachers attended the meetings. But many have passed away. One of the eldest, now in a rest home, is Miss Annie B. Keeler, who taught before the turn of the century.

The East End Gang is comprised entirely of men. Former girl students meet in another part of the city.

The most astounding thing about human behavior is that even the most sensible people do a lot of foolish things.

By TOMMY THOMAS

"Aa, aa, aa, aa, aa, aa!!! BANG, BANG!! You're dead!"

Four year old Johnny has been quick on the draw and another Redskin or bad man has bit the dust.

"Horrible," say some mothers. Then they proceed to put the blame on television shows, comic books or some other "creative medium of rowdyism." And the same day they'll be buying Johnny another gun at the five and ten. But actually, that sort of youthful diversion has been going on since the creation of mankind.

In the Bible we read of weapons in the very early days of mankind. From there on wapons kept steadily improving, until we find our modern firearms, which are still taking on new features.

As these changes are taking place more and more instructors are being needed to teach adults and juveniles in the art of handling a gun in a safe and sane manner.

Programs are constantly being set up to help the juvenile shooters and hunters. The San Diego sheriff's department is more than willing to help these eager youngsters, but warns that the laws must be observed. Claude Smith, deputy sheriff at the Lemon Grove office, points out two important phases of the hunting laws: 1, No shooting at any time from a highway; 2, No shooting at an animal waterhole or drinking place.

Said Deputy Smith: "Juvenile or adult hunters or shooters should make it a point to find out where they can shoot. Many places are out of bounds. We have a map for the Homelands area showing exactly where shooting is permitted. Anyone is welcome to see it. In some instances shooting may be permitted in the out of bounds area if with the consent of the property owner."

No Shooting Signs Posted

In the La Pressa area the county has posted "No Shooting" signs.

Juveniles under 16 years of age should have a good knowledge of firearms, and should have the supervision of an adult, although in many cases a ten year old youngster can assimilate this knowledge as quickly or quicker than an 18 year old.

Captain Leslie Edgerton of the California Fish and Game Commission said his department is very eager to help the young hunters.

Said the captain, "We want boys to hunt. We also want them to observe the fish and game laws to protect the game for future generations."

The most trouble we have is with boys who own and shoot .22s. Regardless of a boy's or girl's age, if he wishes to hunt, he must have a hunting license. Actually, he should take the Juvenile Hunting and Shooting course.

The course was started in New York about six years ago. California followed suit by inaugurating the course last year. Since then, casualties have been cut in half, according to Captain Edgerton.

In San Diego County there are many adults who have been going to school, taking the Hunter's Safety Instructor's Course, that they might teach juveniles how to handle and shoot firearms in a safe and sane manner. These instructors receive no pay whatsoever and are giving freely of their time and efforts.

Following is a recent list of the instructors in the La Mesa-Lemon Grove area:

In Lemon Grove, Francis Faucher, 7480 San Miguel; Jack C. Graham, 7575 Central Avenue; Harold Perkins, 6927 Waite Drive; August A. Pfeiffer, 8135 Golden Avenue.

In La Mesa, Lee B. Crawford, 7572 Sturgess; Earl H. Gardner, 7848 Normal; Roger B. Johns, 7407 Alvarado Canyon Road; C. H. Maxwell, 5030 Jackson Drive; Joseph W. O'Reilly, 9725 Sunset Drive; William E. Robertson, 9735 Murray Drive; Ralph W. Whitnall, 8862 La Mesa Boulevard; Edwin B. Scribner, 7596 Seneca Place; Edward W. Pye, 10755 Challenge.

Upon the completion of their course, the new instructors receive their card from the National Rifle Association, at Washington, D. C.

The California Department of Fish and Game issues a brochure "Digest of 1955 Hunting Regulations" with the warning "Look Before You Shoot." The brochure is free for the asking, and very informative. Every hunter, novice or pro should have one. They are especially helpful to the juvenile, who is on his first step as a nimrod.

A couple of intresting passages in the brochure read in part:

Hunter Safety Training

Thousands of California youngsters under the age of 16 are now receiving organized instruction on the safe handling of firearms, under a state law that requires each applicant for a junior hunting license to present a certificate of comptence in safety before a license is issued.

These young people are being instructed by a well trained army of volunteers who donate their time to make hunting a better sport for all. These instructors, leaders of military, farm, veteran youth, civic and sportsman organizations, have been certificated by the National Rifle Association as qualified to teach the course.

Credit is due, too, to the score of adult schools across the state which have offered training courses for Hunter Safety Instructors.

It is probable that the effects of this progressive legislation will not be felt afield this year, nor the next. But in the near future the hundreds of thousands of Californians who enjoy unequalled outdoor recreational opportunities should find the avoidable hunting casualty rate steadily falling. There's hopes, too, that landowners and others dealing with sportsmen will find them all more considerate and better citizens, as a result of this training program.

Names of instructors in your locality are available at your license agent's.

Adults who want to help in the training should contact their local warden.

Firearms Regulations

The killing of a hunter by accident, or failure to offer aid to an injured hunter, is a misdemeanor.

The hunting license of any person known to have killed or wounded any human while hunting, may be revoked for life.

It is unlawful to discharge any firearm within 150 yards of any occupied house, building or barn.

It is unlawful to hunt with firearms or bow and arrow while intoxicated.

The use of rifles or pistols is prohibited in the taking of pheasants, quail, sage grouse or chukar partridges.

Shotguns and pistols, and rifles using rim fire cartridges or bullets with full metal jackets are prohibited for the taking of big game (including but not limited to deer, bear, antelope, elk and wild pigs) except that shotguns firing single slugs may be used for the taking of deer and bear.

Loaded Gun in Car

It is unlawful to possess a loaded rifle or shotgun (that is, one with a shell in the chamber) in any vehicle standing on or along or being driven on or along any highway or public way open to the public.

It is unlawful to use or possess a shotgun larger than 10 gauge, or to possess an extension automatic or cane gun.

No automatic or hand operated repeating shotgun capable of holding more than three shells, the magazine of which has not been cut off or plugged with a one piece metal or wooden filler incapabel of removal through the loading end thereof, so as to reduce the capacity of said gun to not more than three shells at one time in the magazine and chambers combined shall be permitted for the taking of upland game and migratory birds.

The use of rifles or pistols for hunting rabbits in Los Angeles County is prohibited.

The shooting of upland game from boats is prohibited.

Property Damage

It is unlawful while hunting to cause damage, or assist in causing damage, to real or personal property or to have gates or bars open or to break down, destroy, or damage fences, or to tear down or scatter piles of rails, posts, stone or wood, or through carelessness or negligence, to injure livestock of any kind.

Rodney Pease, retired San Diego police officer, is starting an adult class at Helix High beginning October 25, for adult Hunter Safety instructors. The course will take about ten weeks.

At the completion, the graduate will be qualified to instruct juveniles in hunting safety. The course is open to anyone interested in hunting and shooting.

Mr. Pease said he and two other gentlemen have been teaching a class of 15 boys and girls in hunting safety and the course was completed last week. Pease said he is willing to help the youth of San Diego County all he can.

Bob Jordan, game warden living in El Cajon, said there has been a juvenile safety shooting class going on at Gillespie Field. He said that 21,000 juveniles took the Hunter's Safety Program last year in California, and out of all the 21,000 there were only three accidents from shooting, and those were not fatal. "It has been figured out," said Jordan, "that juveniles who take the course are 21 times safer than those who do not."

Francis Faucher, postmaster at Lemon Grove, who has been associated with juveniles in hunting safety, had this to say: "The educational department of the Fish and Game Commission is doing a splendid job getting juveniles acquainted with firearms.

"I believe if the high schools would take over the instruction of juveniles in the use of fire; arms, it would go a long way. High schools could hire an expert rifleman (ex-service) as instructor. The high schools are well equipped to handle such things. They have access to all sorts of movies on hunting and shooting.

"Parents should be especially careful to keep firearms and ammunition out of the reach of children under 15 years of age. Keep the guns and ammunition locked up."

Byron Netzley of the Lemon Grove Board of Education, who is quite interested in the problem, said "My boy belongs to the group shooting at Gillespie Field. When he goes he takes a carful of local youngsters. Transportation is the big problem.

"If enough people in this area were interested there wouldn't be that transportation problem. Another problem is a rifle range. Eventually the county board of supervisors will have to step in and help, because owners of private land don't seem to cooperate enough. If several or all of the service clubs could get behind the movement, maybe we could get somewhere."

Seymour Metzner, teacher at the Vista La Mesa School, has been instructing a shooting club known as the Lemon Grove Junior Rifle Club. The club is chartered by the National Rifle Association and embraces boys and girls from 10 to 18 years of age.

Mr. Metzner says he has a small rifle range set up between Spring Valley and National City off Sweetwater Road. He gives individual instructions, taking only three youngsters at a time to the range. This he does three times each week.

Mertzner said the National Rifle Association Junior Rifle Asciation has had 5,000,000 members with never a range accident. Quite a record, and shows what careful study and practice can do.

Edward Pye out on Challenge Road has started a class for youngsters. He said he will help all he can. Anyone interested may call him at his home, HO 6-7050.

It is common knowledge that firearms can be purchased with little or no trouble at all. Sometimes the purchaser is a juvenile with no knowledge of firearms whatsoever. Like buying cigarettes or liquor, a young looking person should show identification, or have someone vouch for him.

In reality the method of selling firearms is very lax, with no law to govern it. It was suggested recently that the purchaser of firearms should be made to have two co-signers on a card before his purchase.

Guns can be a lot of fun. They can be a lifesaver, but they also can be a lifetaker if in the hands of the wrong person.

Be careful. Know what you're dong, and as the fish and game commission points out, "Look Before You Shoot."

Edgar Faure, French Premier, on Big Four Conference:

"I have always thought that direct contacts are useful. The experience at Geneva further reinforces my opinion."

TRESPASSERS GET FINED

Eight persons were fined $100 each and placed on 24 months' probation in the Lemon Grove court by Judge Luther Hussey Saturday. They were charged with trespassing. $75 of the fine was suspended.

Albert Werr, Robert Kennedy, Robert Davis, Philip Coody, Mr. and Mrs. Don Ethridge, Jenner Knight and Patricia Biggs all pled guilty.

COUNTY OF SAN DIEGO
NOTICE TO CONTRACTORS

Sealed proposals will be received at the Office of the Board of Supervisors, Room 308, Civic Center Administration Building, San Diego, California, until 2:00 o'clock P.M. on November 21, 1955, at or about which time they will be publicly opened and read in the same building in the Board of Supervisors' Chambers, for construction in accordance with the specifications therefor, to which special reference is made, of portions of County Highway as follows:

Road Survey No. 1161 (Skyline Drive) from Alton Drive northerly 0.39 mile to an intersection with Palm Avenue in Lemon Grove.

ENGINEER'S ESTIMATE

Item No., Quantity and Description:

1. Lot Clearing and Grubbing.
2. Lot Developing Water Supply and Furnishing Watering Equipment.
3. 400 Thousand Gallons Applying Water.
4. 9,500 cu. yds. Roadway Excavation.
5. 5,000 cu. yds. Imported Borrow.
6. 50,000 sta., yds. Overhaul.
7. 100 cu. yds. Structure Excavation and Backfill.
8. 5,200 cu. yds. Imported Base Material.
9. 9 tons Liquid Asphalt SC-2 (Prime Coat).
10. 1,400 tons Plant-mixed Surfacing.
11. 8,900 sq. yds. Mixing and Compacting Road-mixed Surfacing.
12. 60 tons Liquid Asphalt (SC-2) (Road-mixed Surfacing) in place.
13. 8 tons Asphaltic Emulsion (Paint Binder and Seal Coat).
14. 100 tons Screenings (Seal Coat).
15. 8 cu. yds. Class "A" Concrete (Structures).
16. 600 lbs. Bar Reinforcing Steel.
17. 33 lin. ft. 8" Corrugated Metal Pipe (16 gage).
18. 116 lin. ft. 72" Corrugated Metal Pipe (10 gage).
19. 2 each Spillway Assemblies.
20. 50 cu. yds. Removing Concrete.
21. Lot Finishing Roadway.
22. 118 lin. ft. Remove and Replace Fence.

Under the provisions of the California Labor Code, the Board of Supervisors has determined the prevailing rate of per diem wages for the locality to be as follows (rates are for an 8-hour day unless otherwise specified):

Carpenters — $22.00; Cement Masons—$21.60; Reinforcing Iron Workers—$22.40; Laborers, General or Construction—$16.60; Concrete Mixer Operators, Skip Type —$20.16; Motor Patrol Operator, including any type of power blade —$22.56; Oshkosh or DW-12, 20 21, Euclid Scraper or Tourneaupull Operator—$22.56; Tow Blade or Grader Operator—$20.16; Tractor Operator-Bulldozer, Tamper, Scraper, Drag Type Shovel or similar type—$21.44; Universal Equipment Operator (Shovel, Dragline, Derrick-Barge, Clamshell, Crane or Pile Driver)—$23.28; Drivers of Dump Trucks of less than 4 yds. water level —$17.44. Drivers of Dump Trucks 4 yds. but less than 8 yds. water level—$17.68; Any classification omitted herein not less than $15.76.

OVERTIME AND HOLIDAY WORK:

Not less than one and one-half times the above prevailing rates of per diem wages shall be paid for overtime work and for work on the following legal holidays: All Sundays, January 1, May 30, July 4, Labor Day, November 11, Thanksgiving Day and December 25, with the modification provided by Section 6701 of the Government Code.

The foregoing quantities are approximate only, being given as a basis for the comparison of bids, and the Board of Supervisors does not, expressly or by implication, agree that the actual amount of work will correspond therewith, but reserves the right to increase or decrease the amount of any class or portion of the work as may be deemed necessary or expedient by the said Board of Supervisors.

All bids are to be compared on the basis of the Engineer's estimate of the quantities of work to be done.

No bid will be accepted from a Contractor who is not licensed under Chapter 9, Division 3, Business and Professions Code, or to whom a proposal form has not been issued by the Board of Supervisors.

The attention of bidders is particularly directed to the provisions of Section 7, Article (a), subdivision (6) of the specifications regarding the use of domestic materials; and also to the provisions of Section 8, articles (a) and (b) of the specifications, regarding subcontracting and assignment of the contract, respectively.

Plans, forms of proposals, bonds, contract, special provisions, and specifications may be examined at the Office of the Clerk of the Board of Supervisors, Room 308, Civic Center Administration Building, San Diego, California. Copies of plans, forms of proposals, bonds, contract and specifications may be obtained upon deposit of ten dollars ($10.00). The deposit, if made by check, should be made payable to "County of San Diego." The deposit will be refunded upon the return of the above-mentioned plans and documents in good condition within ten (10) days after the opening of bids.

No bid will be received unless it is made on a form furnished by the Clerk of the Board of Supervisors and accompanied by the security referred to therein.

The Board of Supervisors reserves the right to reject any or all bids, and the right to waive irregularities or informalities in any bids or in the bidding.

Dated Sept. 20, 1955.

R. B. JAMES, County Clerk and ex-officio Clerk of the Board of Supervisors.

Mr. Max Goodwin,
Editor and Publisher

Dear Sir:

In August we opened our Health Food Store. The only opening advertising we contracted for was a quarter page in the Lemon Grove Review and the Spring Valley Bulletin.

May we take this opportunity to congratulate you on the wonderful medium you have for the business people in this area. We had more customers in our shop the first 2 days than we had expected in a week.

During the opening week, we had one elderly man from the rural district east of Casa de Oro come in with a cut-out of our ad tucked away in an old fashioned pocket book. This man came in the shop, took out the ad, unfolded it to see for sure he had the correct address. (We thought this worthy of mention.)

Sincerely
Mr. & Mrs. T. R. Carlton

Featuring — Nutritional Suppliments; Allergy Foods; Salt Free Foods; Diabetic Foods; Juice and Malt Bar; Vitamins and Minerals.

Slow Speed Might Get You in the 'Pokey'

Many motorists have failed to realize the changes in the vehicle code, according to Captain Clodfelter, commanding officer of the California Highway Patrol's San Diego area. "Despite extensive publicity given to the new and revised sections of the vehicle code, many motorists continue, to drive in violation of these sections.

"Section 525.1 of the vehicle code," said Captain Clodfelter, "is particularly stressed in an effort to avoid the congestion caused by drivers who drive at reduced speed. This causes the motorists who drive more closely to the legal speed limit to take unnecessary chances in order to pass."

The code requires any vehicle driven on a highway, at less than the normal speed of traffic, to be driven in the right hand lane nearest the right curb or edge of the roadway, except when passing or preparing to make a left turn. This section primarily concerns the multiple lane highway.

In addition, section 514 of the vehicle code states that no person shall drive upon a highway at such a slow speed as to impede or block the normal and reasonable movement of traffic, except when such reduced speed is necessary for safe operation.

SPEECH CORRECTIONIST TO ADDRESS M. H. PTA

The Monterey Heights PTA will hold their regular monthly meeting on November 10 at 7:30 p.m. in the school cafeteria. Open house will be held preceding the meeting from 6:30-7:30. Mrs. Genevieve Oliphant, speech corrections for the Lemon Grove School District, will be the guest speaker. Her topic will be "Speech and Your Child."

Mrs. E. J. Latulippe's Girl Scout Troop No. 1184 will present the colors. Third grade mothers will be hostesses. Child care will be provided.

STEWARDSHIP SUNDAY TO BE OBSERVED

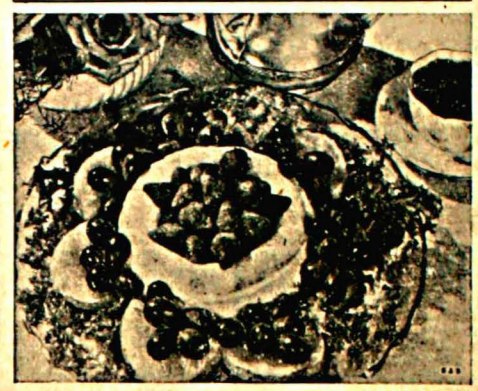
Trinity Presbyterian Church will observe Stewarship Sunday on Sunday at 5:30 with a family dessert in Fellowship Hall. There will be a program for the young folks, while the adults gather in the sanctuary. Two choirs, Junior High and Senior High, will be presented for the first time. Joseph Fielder and Ardis Plummer are choir directors.

Boy Scout Troop 171 meets Tuesday evening at 7:30.

Girl Scouts meet Thursday at 2:30 p.m.

Brownies meet Thursday at 3 p.m.

Cheese Mold—New and Delicious Serve It With Fresh Fruit and Berries



For a salad or a combination salad and dessert we have picked a winner to give you today. Everyone likes fresh fruit during the summer season and you are always able to have a wide selection of beautiful fruits and berries at this time of year. There is really nothing that enhances the flavor of fruit more than cheese. So we are giving the recipe for a cheese mold that is simply delicious.

In addition to being so good it makes an extremely decorative dish to serve your family and friends. Still another feature gives it an extra goodness, that is including Pream that has recently become so popular. Use this recipe and serve the mold with the fruits of your choice.

Pream Cheese Mold for Fruit Salad

1/3 cup Pream
1/2 cup boiling water
1 teaspoon unflavored gelatin
1 tablespoon cold water
1 8 oz. package cream cheese
1 cup creamed cottage cheese
1/2 teaspoon salt
1/3 cup sliced stuffed olives
1/3 cup chopped nuts

Dissolve Pream in boiling water. Soften gelatin in cold water, add to Pream and stir until gelatin is dissolved. Add Pream mixture gradually to cream cheese, mixing until blended. Stir in remaining ingredients. Turn into 3 cup ring mold. Chill several hours until firm. Unmold on bed of greens and surround with fresh or canned fruits. Makes 8 servings.

Lemon Grove Firemen To Take Part in Muscular Dystrophy Collections

Fourteen members of the Lemon Grove Fire Department, including reserves, will march in behalf of the San Diego County Muscular Dystrophy campaign on the nights of Monday and Tuesday, Dec. 5 and 6.

Their efforts will be co-ordinated with a total of 4,000 San Diego County volunteers who will be seeking funds in a house-to-house march throughout the county.

Chief Harold Hensley said the Lemon Grove firemen voted unanimously to march in the campaign. Capt. Ray Carmody is MD Chairman for Lemon Grove.

"Although Lemon Grove is covered in this necessary campaign to raise funds for research and to give assistance to the victims who face certain death," Chief Hensley said, "there are many nearby residential areas where volunteers are needed.

"We urge you to call Belmont 4-6115 or Belmont 4-1444 or visit or write the San Diego chapter's headquarters at 947 Columbia, to offer your assistance.

"Also, we should like to request that Lemon Grove residents who intend to give, turn on their porch lights the nights of Dec. 5 and 6. We expect to call on every home, but the porchlight signal will make our job easier."

At this time there are more than 250,000 victims of this mystery disease facing certain death, and funds are needed to continue research to determine its cause and to give hospital, therapy and other aid to those now afflicted.

PACK 318 GETS 94% ON UNIFORM NEATNESS

By MRS. C. W. SKINNER

One of the big events of the year for the boys of Cub Pack 318 was the Halloween pack meeting held at Friendship Hall last week.

Leland Barr opened the meeting with the invocation. Cub Scouts of Den 1, under the direction of their den mother, Mrs. Alice Wilber, presented the colors and sang the pack song.

Joe Kelly, assistant district commissioner; A. Anderson, and Stan Langford, neighborhood commissioners; representatives from San Diego Council of Boy Scouts of America, were present to inspect the Cubs on the neatness of their uniforms and appearance. The boys came through with flying colors with a 94 average.

Advancement and award ceremony was conducted by the Cubmaster, Robert Wilber.

Mrs. Betty Ursillo, den mother of Den 5, offered her resignation with regret because of serious illness. Mrs. Richard Stumbaugh was welcomed as the new den mother of this den.

The Cubs proved to Mother and Dad that the art of homemade Halloween masks is just as good today as it was in their day. Judges of the mask contest were: Mrs. Robert Long, Messrs. Donald Luscomb, Victor Johnston, Carmine Ursillo, John Gomes, Wm. Pace, and Jay Gable. After much deliberation, the judges awarded the prize, a Cub Scout ring, to Paul Bell of Den 8.

A hobo clown, who proved to be C. W. Skinner, committee chairman, arrived on the scene pretending to be a Cub Scout and looking for his den mother. This request was granted upon the arrival of Rev. Bruno Pueschel, disguised as an old backwoods woman.

EAGLE AWARD MADE AT SCOUT COURT OF HONOR

Harvey Maden, district scout executive, pins Eagle Scout award on Harvey Hall Jr., while boy's father, left, looks on. Award was part of Court of Honor ceremony held last week at First Congregational Church. —L. G. Camera Foto

Boy Scout Troop 108, under the sponsorship of Men's Fellowship, held a Court of Honor the evening of October 21 at Friendship Hall. The opening and closing ceremonies were conducted by members of the junior staff. The Reverend Bruno Pueschal gave the invocation. Committeeman Dale Moore introduced and presented Edward Bruckner with his new scout registration card. Committee chairman Kitchell awarded Kenny Priest with a Tenderfoot badge. Committee treasurer Ralph Nelson presented Danny Deevers with a Second Class Badge. Committeeman Hugh Godfrey presented service stars as follows:

B. Akin 1, R. Curley 1, R. Shafer 1, J. Will 1, C. Kitchell Sr. 1, C. Curley 2, and H. Hall Jr. 3. Den Chief Cords were given to R. Drew, D. Willard and M. Jones.

Don Willard was officially made a member of the junior staff and given the badge of office as troop librarian. Assistant Scoutmaster C. Curley awarded the following merit badges: Personal Fitness, Hiking and Life Saving to H. Hall Jr.; Home Repairs and Firemanship to R. Drew, Fishing to D. Smith; Firemanship to D. Willard and Music to R. Humphrey.

Troop Committee Chairman C. Kitchell introduced the district executive, Harvey Maden, for the highlighting presentation of the Court of Honor. Harvey or "Chief" as he is affectionately called by all scouts, talked on the subject of scouting and the necessary requirements in order to attain the rank of Eagle Scout.

Henry Hall Jr. was called to the stage to receive the coveted Eagle Award. In a surprise move, Scoutmaster H. Hall Sr. was called forward to pin the Eagle Badge on his son's chest. In reaching the highest rank in Scouting, Henry is the first boy in Troop 108 to climb to this high realm. He has been a guiding light and influence to many of the boys in the troop and has worked steadily and faithfully through all ranks of scouting.

After all awards were given out, a movie, "The Patrol Method," was shown followed by refreshments.

The Big Question

Do you think that Spring Valley and Lemon Grove should form a unified school district, and unite as a corporate city?

This article was published earlier this week in the Spring Valley Bulletin.

While this is but a small sampling, it may be indicative of the thinking of the entire valley in regard to a consolidated community.

Charles Barnes
10340 Del Rio Road

"I think we should. The larger you are the stronger. I've lived in Spring Valley for about 12 years, and I can see a big improvement. I think it would be a very good idea for Spring Valley and Lemon Grove to have a corporate city, provided it would be all right with Lemon Grove. You can't stop progress. Look at the sewer proposition. There's a good example."

L. E. Heffner
3306 San Carlos

"I don't think we should. In the first place we're strung out too far. We already have our schools and sewers. I don't see how we could go in with Lemon Grove any more than we could incorporate with La Mesa.

"Actually, the thing we should do is go in with San Diego. We should be a district just like North Park or some of the others. We should hang on to San Diego and be done with it. It probably will be that way in the future anyhow.

"If we made a corporate city of Spring Valley and some other community we would have to have a governing body and that would take plenty of money which none of us have at present."

Charles Iott
1023 Sweetwater Avenue

"As far as the schools are concerned, we've had to move our boy around quite a bit. One year it was Casa de Oro, and last year La Mesa. Seems the children have to go a long way to school.

"I would be very much against Spring Valley and Lemon Grove having a corporate city. I think it won't be long until we will be part of San Diego. I live in one of John Hansen's houses and I understand he has sold several acres to a builder. And there is another large piece of ground near here that has been sold for building purposes.

"I also understand that the La Pressa Airport is to move in the near future to make way for more homes. With all this happening, we are bound to have to go into San Diego. Everybody should try to buy a piece of ground while it is still reasonable. They won't regret it."

Mrs. Everett (Pat) Lucas
9160 La Mar

"I don't think I would be in favor of a corporate city. I think that Lemon Grove is an up and coming community. In fact far ahead of La Mesa. At one time Spring Valley was ahead of Lemon Grove, but now they have passed us up.

"I believe we should build our own city. We are sorely in need of a business district here in Spring Valley. And we should have our own school district. I believe in being independent."

Cleon Kohaneh
8558 Palm Avenue, Lemon Grove
(Formerly Helix Street, Spring Valley)

"As far as the school district I wouldn't care to say. I've only lived here a short time.

"But about Spring Valley and Lemon Grove forming a corporate city, I'm not in favor of that. We'd then have city taxes, and they're pretty high. Look at La Mesa. Some of the highest taxes in the county.

"We're already loaded with taxes, what with sewers and so forth. We'd better go in with San Diego. Whatever effects my pocketbook effects me."

Mrs. Vernon Logan
9818 La Cresta Drive

"Go in with Lemon Grove? No, sir. When you do that you are getting into trouble right away. You'll have high taxes just like La Mesa, city and county. That will be the first thing you'll run into.

"Our taxes are too high right now, what with sewers, school bonds and so forth. With things piling up the people are loaded. The more you take on the more you pay."

The way things are headed now it would seem the saturation point in manufacturing automobiles may not be reached until there is no parking space anywhere.

Sir Seymour Howard, Lord Mayor of London, after visit to Soviet Union:

"They (Russians) were most anxious to let me see everything that could be seen, to talk and they were most friendly."

7252 BROADWAY • LEMON GROVE • HO 9-9901

CHALLENGE BOULEVARD SOON IN SV FIRE DISTRICT

According to Ed Pye, Challenge Boulevard resident, that street will soon be in the Spring Valley Fire District. Pye has been working diligently to get signers, and at the last report he had almost one hundred per cent on the street.

Papers have already been turned in to the county boundary commission and the boundary was approved. That was on October 11. The next step will be to turn the list of signers and all other papers over to the Spring Valley Fire District commissioners. They meet at the fire station the second Tuesday of November.

Re Construction of Curbs and Drainage Structures in PAULA STREET et al in LEMON GROVE, Area No. 39, Road Improvement District No. 6008, in the Unincorporated Area of the County of San Diego.

RESOLUTION OF INTENTION

WHEREAS, the reports prepared pursuant to Division 4 of the Streets and Highways Code (Special Assessment Investigation Limitation and Majority Protest Act of 1931) covering a proposed street improvement, to wit: grading and the installation of concrete curbs and drainage structures in PAULA STREET et al in LEMON GROVE, Area No. 39, Road Improvement District No. 6008, in a portion of the unincorporated area of the County of San Diego, are on file in the office of the Clerk of the Board of Supervisors of the County of San Diego, Room 308, City and County Administration Building, 1600 Pacific Highway, San Diego, California, and may be examined at said office; and

WHEREAS, on August 23, 1955, pursuant to said Division 4, the Board of Supervisors of the County of San Diego adopted a resolution by not less than four-fifths vote of all members that the lands to be assessed will be able to carry the burden of the proposed assessments and that the limitations on the amount of assessments may be exceeded and dispensed with both with respect to the limitations as to the district as a whole and as to individual specific assessments; and

WHEREAS, the Board of Supervisors has designated the County Surveyor of the County of San Diego as the Superintendent of Streets and the Engineer to perform any and all duties conferred upon the Superintendent of Streets or the Engineer by the Improvement Act of 1911 in connection with the work and improvement and assessment hereinafter described; NOW THEREFORE,

On motion of Supervisor Bird, seconded by Supervisor Austin,

IT IS HEREBY RESOLVED that public interest and convenience require and it is the intention of the Board of Supervisors of the County of San Diego (hereinafter referred to as the Board of Supervisors) to order the following work to be done and improvement to be made, to wit: grading and the installation of concrete curbs and drainage structures in

PAULA STREET—That portion of Paula Street lying between the north line of Burgreen Acres, according to Map thereof No. 2408, filed in the Office of the Recorder of the County of San Diego, and the westerly prolongation of the south line of Lot 9 in Pearson Terrace, according to Map thereof No. 2797, filed in said Recorder's Office.

HOFFMAN AVENUE — That portion of Hoffman Avenue lying south of said north line of Burgreen Acres, and lying easterly of the northerly prolongation of the west line of Lot 4 in Block 1 of said subdivision, and lying westerly of the northerly prolongation of the east line of Lot 1 in Block 2 of said subdivision.

PEARSON STREET—That portion of Pearson Street lying easterly of the southerly prolongation of the west line of Lot 11 in Block 1 of said Burgreen Acres, and lying westerly of the southerly prolongation of the easterly line of Lot 10 in Block 2 of said subdivision.

All of the said work hereinbefore generally described shall be constructed in the manner, to the grades, at the locations, within the limits, of the materials, and of the dimensions as shown upon and in accordance with the plans, profiles, drawings, typical cross-sections and specifications therefore, contained in Document No. 188429, on file in the office of the Clerk of said Board of Supervisors, and copies of which are on file in the office of said Engineer, and by this reference thereto, all said plans, profiles, drawings, typical cross-sections and specifications are made a part hereof.

The said Board of Supervisors hereby determines and declares that serial bonds shall be issued to represent each assessment of twenty-five dollars or more remaining unpaid after the full expiration of thirty days from the date of the warrant, to represent the expenses of said work and improvement. Said serial bonds shall extend over a period ending nine years from the second day of January next succeeding the next October 15th following their date, and an even annual proportion of the principal sum thereof shall be payable, by coupon, on the second day of January every year following the next October 15th after their date until the whole is paid. Said bonds shall bear interest at the rate of six percent per annum, interest payable semi-annually, by coupon, on all sums unpaid until the whole of said principal and interest are paid. Said bonds shall be issued and the principal and interest thereof shall be paid under and in pursuance of the Improvement Act of 1911 and amendments thereto.

The contemplated work and improvement hereinbefore mentioned is, in the opinion of said Board of Supervisors, of more than local and ordinary public benefit, and the expenses of such work and improvement are made chargeable upon the district hereinafter described, and said Board of Supervisors does hereby declare said district to be the district benefited by said work and improvement, and to be assessed to pay the costs and expenses thereof. Said district is described as follows, to wit: All that real property in the County of San Diego included within the exterior boundary lines of said district, as shown upon that certain map bearing number RID 6008, indicating the exterior boundary lines of such district, which map, approved by said Board of Supervisors, is on file in the office of the Clerk of said Board of Supervisors of the County of San Diego as Document No. 181326, excepting therefrom all public streets, roads, alleys, avenues and highways. Reference is hereby made to said map for a particular description of such district.

It is the opinion of said Board of Supervisors that the public interest will not be served by allowing the property owners to take the contract for the work to be done under these proceedings.

NOTICE IS HEREBY GIVEN that on Tuesday, the 8th day of November, 1955, at 2:00 o'clock p.m., in the chambers of said Board of Supervisors of the County of San Diego, Room 310, City and County Administration Building, 1600 Pacific Highway, San Diego, California, any and all persons having any objections to the proposed work or improvement, to the grade at which said work is to be done, or to the extent of the district to be assessed to pay the costs and expenses of said proposed work or improvement, may appear before said Board of Supervisors and show cause why said proposed improvement should not be carried out in accordance with this Resolution.

Such protest, if any, must be in writing, and must contain a description of the property in which each signer thereof is interested, sufficient to identify the same, and shall be delivered to and filed with the Clerk of the Board of Supervisors of the County of San Diego, in Room 308 of said City and County Administration Building, not later than the hour hereinabove set for hearing. No other protests or objections will be considered.

The Clerk of this Board of Supervisors is hereby directed to cause this Resolution of Intention to be published twice in the Lemon Grove Review, the newspaper hereby designated for that purpose by this Board.

The Clerk of this Board of Supervisors is hereby directed to mail notice of the adoption of this Resolution of Intention, postage prepaid, to all persons owning real property proposed to be assessed, whose names and addresses appear on the last equalized County Assessment Roll, or as known to said Clerk, all in the time, form and manner required by law; if property assessed by the State under Section 14 of Article XIII of the Constitution is proposed to be assessed, such notice shall be mailed to every owner of such property at the address thereof shown on the last board roll transmitted to the County Auditor as required by Section 5070, Streets and Highways Code.

The Clerk of this Board of Supervisors shall, upon completion of the mailing of said notices, file with this Board an affidavit setting forth time and manner of the compliance with the above requirements for mailing such notices.

The Superintendent of Streets shall, after the adoption of this Resolution of Intention, cause to be conspicuously posted along the line of said contemplated work or improvement, at not more than three hundred feet in distance apart, but not less than three in all, notices of the passage of this Resolution of Intention, and when the work to be done is only upon an entire crossing or intersection, or any part thereof, he shall cause such notices to be conspicuously posted in front of each quarter block or irregular block liable to be assessed, and when the work is chargeable upon a district, he shall cause such notices to be conspicuously posted upon all open streets within such district at not more than three hundred feet in distance apart on each street so posted; all in the time, form and manner required by law; and thereupon said Superintendent of Streets shall cause to be filed in the office of the Clerk of this Board of Supervisors an affidavit showing the posting of said notices of improvement.

All of the herein proposed work shall be done in pursuance of an Act of the Legislature of the State of California, designated as the "Improvement Act of 1911," and amendments thereto.

PASSED AND ADOPTED by the Board of Supervisors of the County of San Diego, State of California, this 18th day of October, 1955, by the following vote:

AYES: Supervisors Gibson, Bird, Robbins and Austin.

NOES: Supervisors None

ABSENT: Supervisor Howell

STATE OF CALIFORNIA,)
) ss.
County of San Diego,)

I, R. B. JAMES, County Clerk of the County of San Diego, State of California, and ex-officio Clerk of the Board of Supervisors of said County, hereby certify that I have compared the foregoing copy with the original resolution passed and adopted by said Board, at a regular meeting thereof, at the time and by the vote therein stated, which original resolution is now on file in my office; that the same contains a full, true and correct transcript therefrom and of the whole thereof.

Witness my hand and the Seal of said Board of Supervisors, this 18th day of October A. D., 1955.

L. G. Review Oct. 27 & Nov. 3, 1955

COUNTY OF SAN DIEGO, STATE OF CALIFORNIA
LEMON GROVE SCHOOL DISTRICT
BUILDING CONTRACT DOCUMENT
ADVERTISEMENT FOR BIDS

Notice is hereby given that the Lemon Grove School District, Lemon Grove, California, acting by and through its Board of Trustees hereinafter referred to as the "Owner" will receive up to, but not later than 8:00 o'clock p.m. on the 22nd day of November, 1955, sealed bids for the award of a contract for the furnishing of all labor, materials, tools, expendable equipment, and all utility and transportation services necessary for the construction of Four Classrooms Addition To San Miguel Elementary School, located on the West ½ of Lot No. 37, Subdivision No. 3 of Lot No. 12 of Rancho Mission of San Diego, San Diego County, State of California.

Bids shall be opened and publicly read aloud at the above stated time in the office of the District Superintendent of Schools, Lemon Grove, California.

Each bid must conform and be responsive to this invitation, the Information for Bidders, the Plans, Specifications, and all other documents comprising the pertinent Contract Documents. Copies of the Contract Documents are now on file and open to public inspection in the office of the Architect, 4730 Palm Avenue, La Mesa, California, and may be obtained by depositing $25.00 for each set. This deposit will be refunded if the set or sets of Contract Documents are returned in good condition within ten (10) days after the bid opening.

Each bid shall be accompanied by a certified or cashier's check payable to the Owner, or a satisfactory bid bond in favor of the Owner executed by the Bidder as Principal and a satisfactory Surety Company as Surety, in an amount not less than five percent (5%) of the maximum amount of the bid. The check or bid bond shall be given as a guarantee that the Bidder shall execute the contract if it be awarded to him in conformity with the Contract Documents and shall provide the surety bond or bonds as specified therein within five days after notification of the award of the contract to the Bidder.

The Owner reserves the privilege of rejecting any or all bids, or to waive any irregularities or informalities in any bid or in the bidding. Preference will be made in the award for California made supplies, pursuant to Sections 4330 to 4334 inclusive, Government Code.

*The apprentice rate is by percentage of the journeymen's rate unless otherwise indicated.

CEMENT MASON, LABORER & TRUCK DRIVER. Effective first payroll period after June 15, 1955, all foremen shall be paid not less than 20c per hour more than the hourly rate of the highest classification over which they have supervision.

Effective May 1, 1956, all formen shall be paid not less than 25c per hour more than the hourly rate of the highest classification over which they have supervision.

CARPENTER, IRON WORKER AND OPERATING ENGINEER FOREMAN shall receive not less than 25c per hour more than the highest classification under his supervision.

If, after the award of the contract, it becomes necssary to employ any person in a trade or occupation not classified in the above list, such person shall be paid at not less than such rate as shall be determined by the Owner, and such approved minimum rate shall be retroactive to the time of the initial employment of such person in such trade or occupation. The Contractor shall notify the Owner of his intention to employ persons in trades or occupations not classified in sufficient time for the Owner to obtain approved rates for such trades or occupations.

The foregoing specified wage rates are minimum rates only, and the Owner will not consider any claims for additional compensation made by the Contractor because of payment by the Contractor of any wage rate in excess of the applicable rate contained in this contract.

All disputes in regard to the payment of wages in excess of those specified in this contract shall be adjusted by the Contractor.

Except as may be otherwise required by law, all claims and disputes pertaining to the classification of labor employed on the project under this contract shall be decided by the Owner's governing body or other duly designated official.

Attention is called to the fact that a list of proposed sub-contractors must be submitted with the bid.

No bidder may withdraw his bid for a period of thirty (30) days after the date for the opening of bids.
